Optimal electrical design (ACDC)

- Electrical compatibility with AC and DC bikes

Performance made to last

- Lifetime of up to 2,000 hours
- The durability that today's riders demand

Ultinon Moto Rally

AC/DC motorcycle headlight bulb

LUM11636UMRX1/20

Highlights

12 W extra rally boost

Riding your motorcycle on dark country roads, you need your headlights to be extra powerful. Delivering an outstanding long and wide beam, Philips Ultinon Moto Rally LED showers the road with cool white light for excellent visibility. Boost your headlight with 12W rally performance.

Up to 6,500 K cool white light

Philips Ultinon Moto Rally features a stylish color temperature of up to 6500 Kelvin for great eye comfort to make driving in the dark a safer, more pleasant experience.

Electrical compatibility

Built-in IC driver for wide coverage of 12V DC and 12V AC, making it a great choice for riders of the widest variety of motorcycles. Philips Ultinon Moto Rally is built robust so you will enjoy stable performance, without flickering, high voltage spikes or erratic switches.

Up to 2,000 hours' lifetime

You want bright, stylish motorcycle headlights but you don't want to keep replacing failed lamps. That's a major weakness of conventional headlights; the more powerful the light, the shorter its lifespan. At a higher light intensity level, LEDs last much longer, and Philips Ultinon Moto Rally headlights are built to last. Thanks to their effective heatsink design adapted to the high wattage, they last for up to 2,000 hours of operation.

Durability for today's riders

Philips Ultinon Moto Rally bulbs are guaranteed EMI compliant, conforming to automotive-industry standards on electromagnetic interference. Engineered to withstand the rigors of modern motoring life with high vibration levels, they offer the durability that today's riders demand.

Specifications

Marketing specifications

Product highlight: High-power LED, ACDC
Expected Benefits: Powerful Lights

Product description

Application: High beam, Low beam
Base: PX43t
Designation: LED HS1 11636 UMR 12V 12/12W X1
Homologation ECE: NO
Range: Ultinon Moto Rally
Technical features: High power, electrical compatibility ACDC
Technology: LED
Type: LED-HL [~HS1]

Lifetime

Lifespan: 2000 hrs

Light characteristics

Lumens: 1200/1100 lm
Color temperature: 6500 K

Electrical characteristics

Wattage: 12/12 W
Voltage: 13.2 V

Ordering information

Order entry: 11636UMRX1
Ordering code: 80028430

Packaging Data

EAN1: 6932080800284
EAN3: 6932080800291
Packaging type: X1

Packed product information

Length: 6.5 cm
Width: 4.5 cm
Height: 9 cm
Net weight per piece: 44.1 g
Pack Quantity: 1pc
MOQ (for professionals): 10pcs
Gross weight individual pack [g]: 59.6

Outerpack information

Net weight per piece: 596 g
Length [cm]: 24
Width [cm]: 13.8
Height [cm]: 12.5
Gross weight per piece [kg]: 0.696
