### **Connectivity and quality**

- Versatile connectivity
- LED light source

### **Flexible and powerful**

- Powerful integrated sound system
- Designed for flexible installations

### **Bright Image**

- Performance for everyone
- Full HD resolution

# Highlights

## Powerful integrated sound system

Immerse yourself in outstanding sound quality with the audio system, featuring two speakers for a truly exceptional audio experience. Need a bigger sound? The 3.5mm jack output is there to connect your earphones or external speakers.

## Versatile connectivity

The ProPix 860 features dual HDMI inputs, ensuring seamless integration with legacy systems commonly found in educational institutions and established corporate environments. Also includes a RS232 ports for professional AV control systems, USB connectivity, and a 3.5mm audio output for external sound solutions.

## Designed for flexible installations

Engineered for versatile installation scenarios, projecting impressive images from 70" up to 150" diagonal. With a throw ratio of 1.49:1, create a professional 120" display from just 4 metres distance. The lightweight design of 2.5 kg makes it easily portable, while support for multiple aspect ratios (4:3/16:9/16:10/Native) ensures compatibility with various content formats

## LED light source

The high-quality LED light system delivers rich, vivid colors that last up to 30,000 hours. With an average use of 4 hours per day, this projector will last for up to 20 years! In addition, its energy consumption is much lower than that of a regular lamp projector, allowing you to enjoy a

bigger screen and a fully immersive cinema experience, all from an environment friendly device.

## Performance for everyone

The unique LED design results in sustainability and longevity compared to other technologies of the time. This innovative approach sets new standards for projection performance, making it a smartest choice for professional but also home entertainment.

## Full HD resolution

Bring your entertainment to life with Full HD resolution - enjoy razor-sharp images, deep contrast, and crystal-clear text for an unforgettable viewing experience with 2600 Lumens.

# Specifications

## Technology

Display technology: DLP

Light source: LED
