Performance made to last
- Lifetime of up to 2,000 hours
- The durability that today's riders demand

Ultinon Moto Rally Dual

AC/DC motorcycle headlight bulb

LUM11163UMRDX1/20

Highlights

7.5 W extra rally boost

Riding your motorcycle on dark country roads, you need your headlights to be extra powerful. Delivering an outstanding long and wide beam, Philips Ultinon Moto Rally Dual LED showers the road with strong light for excellent visibility. Boost your headlight with 7.5W rally performance.

Choice between 3000K and 6500K

Philips Ultinon Moto Rally Dual features a stylish color temperature of up to 6500 Kelvin for great eye comfort to make driving in the dark a safer, more pleasant experience. In adverse weather like fog or heavy rain, select a strong beam with 3000 Kelvin warm white light to ensure improved visibility.

Electrical compatibility

Built-in IC driver for wide coverage of 12V DC and 12V AC,making it a great choice for riders of the widest variety of motorcycles. Philips Ultinon

Moto Rally Dual is built robust so you will enjoy stable performance, without flickering, high voltage spikes or erratic switches.

Up to 2,000 hours' lifetime

You want bright, stylish motorcycle headlights but you don't want to keep replacing failed lamps. That's a major weakness of conventional headlights; the more powerful the light, the shorter its lifespan. At a higher light intensity level, LEDs last much longer, and Philips Ultinon Moto Rally headlights are built to last. Thanks to their effective heatsink design adapted to the high wattage, they last for up to 2,000 hours of operation.

Durability for today's riders

Philips Ultinon Moto Rally Dual bulbs are guaranteed EMI compliant, conforming to automotive-industry standards on electromagnetic interference. Engineered to withstand the rigors of modern motoring life even up to vibration levels of 10G, they offer the durability that today's riders demand.

Specifications

Marketing specifications

Product highlight: High-power LED, dual color, ACDC
Expected Benefits: Powerful Lights

Product description

Application: High beam, Low beam
Base: P15d-25-1
Designation: LED M5/T19 11163 UMRD 12V 7.5/7.5W X1
Homologation ECE: NO
Technical features: High power, dual light color, electrical compatibility ACDC
Technology: LED
Type: LED-HL [~M5/T19]

Lifetime

Life time: 2000 hrs

Light characteristics

Lumens: 950/950 lm
Color temperature: 3000K / 6500K

Electrical characteristics

Wattage: 7.5/7.5 W
Voltage: 13.2 V

Ordering information

Order entry: 11163UMRDX1
Ordering code: 80026030

Packaging Data

EAN1: 6932080800260
EAN3: 6932080800277
Packaging type: X1

Packed product information

Length: 5.5 cm
Width: 2.6 cm
Height: 7.5 cm
Net weight per piece: 15.3 g
Pack Quantity / MOQ: 1pc
MOQ (for professionals): 10pcs
Gross weight individual pack [g]: 24.8
