- Designed for flexible installations

Highlights

Powerful integrated sound system

Immerse yourself in outstanding sound quality with the audio system, featuring two speakers for a truly exceptional audio experience. Need a bigger sound? The 3.5mm jack output is there to connect your earphones or external speakers.

New standards for the Pro

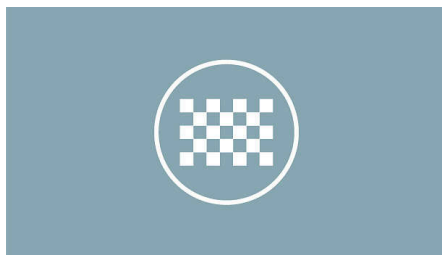

The unique design of the UHP lamps results in superior stability and longevity compared to conventional lamp technologies of the time. This innovative approach sets new standards for projection performance, making it the preferred choice for professional installations worldwide.

Versatile connectivity

The ProPix 850 features dual HDMI inputs, ensuring seamless integration with legacy systems commonly found in educational institutions and established corporate environments. Also includes a RS232 ports for professional AV control systems, USB connectivity, and a 3.5mm audio output for external sound solutions.

Full HD resolution

Bring your entertainment to life with Full HD resolution - enjoy razor-sharp images, deep contrast, and crystal-clear text for an unforgettable viewing experience with 4000 Lumens.

Philips UHP lamp

This revolutionary lamp technology transformed the projection industry through its innovative high-pressure operation enabling exceptional brightness and efficiency in a compact form factor.

Designed for flexible installations

Engineered for versatile installation scenarios, projecting impressive images from 70" up to 150" diagonal. With a throw ratio of 1.49:1, create a professional 120" display from just 4 metres distance. The lightweight design of 2.5 kg makes it easily portable, while support for multiple aspect ratios (4:3/16:9/16:10/Native) ensures compatibility with various content formats.
