DDL608LKKBW

## 43mm\* minimalist body

Suitable for narrow frame doors

Enjoy the safety and convenience brought by DDL608-5HWS! The 43mm minimalist body design allows it to fit narrow frame doors, such as aluminum alloy doors, bridge-cut-off doors, sliding doors, push-pull doors, framed doors, etc.

### **Secure protection, smart embedded**

- Instantly push notifications to the App
- Instantly protect home security at all times

### **Craftsmanship ensures high quality**

- Fit for multiple narrow frame doors
- Ready for preventing dust and water

### **Smart life "locked" with excellence**

- Say goodbye to the key-only era

## 6000 series

Smart lever door lock

DDL608LKKBW/00

# Highlights

### Slim lock body design

Designed with a 43mm narrow lock body, DDL608-5HWS can be installed on doors with a thickness of 35-120mm \*, such as aluminum alloy doors, bridge-cut-off doors, sliding doors, push-pull doors, framed doors, etc. It is suitable for a variety of scenarios.

### IP65-certified

DDL608-5HWS has passed the IP65 dustproof and waterproof test, effectively preventing dust and low-pressure water from damaging the door lock, which helps stabilize the product performance and extend the product life span.

### Various ways of unlocking

Fingerprints, PIN codes, key tags, and mechanical keys are available unlocking methods, which can meet the need of different users, perfect for the whole family.

### Duress access methods to unlock

When encountering an abnormal condition, you can use the preset duress access methods (fingerprint, PIN code, and key tag available) to unlock. Then the lock will push the duress alarm information to the user and the user sharing the device in real-time, and the mobile App will synchronize the pop-up alarm to give security warning to help reduce the hidden danger of home security.

### Multiple alerting

Featured with multiple alerts such as anti-dismantling, system locking, and low battery level, Philips DDL608-5HWS instantly safeguards your family and reminds you of the lock status, making you feel assured and secure.

# Specifications
