Comfortable soft & silky nipple

- Designed for natural oral development
- 98% nipple acceptance*
- Natural feel for baby
- Nipple made of 100% food-grade silicone

Supports sleeping routines

- Long lasting glow-in-the-dark

Highlights

Lets baby's skin breathe

Extra-large airholes ventilate your baby's skin keeping it dryer while soothing.

Long lasting glow-in-the-dark

Use ultra air's glow in the dark button to find your baby's pacifier quickly without having to switch on the lights.

98% nipple acceptance*

When we asked parents how their little ones respond to our textured, silicone nipples, an average of 98% said that their baby accepts the Philips Avent ultra soft and ultra air soothers.

Nipple made of 100% silicone

We choose consciously for silicone material for our ultra soft and ultra air nipples, since it's a safe and inert material, widely used in medical applications, free of hazardous chemicals, endocrine active substances (e.g. BPA) and allergens.

Orthodontic nipple

Our orthodontic, symmetrical soft silicone nipples are designed for natural oral development.

Natural feel for baby

Our textured silicone nipple is designed to mimic the feel of moms breast.
