USB power bank

4800 mAh

USB-C port

Black

DLP2550CB

Slim and portable power bank
For USB Type C charging ports.

This ultra-small power bank is just right for people who don't want to stuff big, heavy power banks into their bags. Just plug in and charge, no additional cable is required. With integrated USB-C charge cable.

Superior Charging Design
- Smart protection against overheating, overvoltage and overcurrent

Portable power
- Works anywhere - great when you're not near a power source
- Recharge your devices on the go
- Cable-free power bank charging

Highlights

Works anywhere

Even if you're not near a wall or car charger, you can recharge your device's battery with the convenient battery pack. The intelligent battery pack supplies power first, so you can remove the pack after use and still have a full battery on your device.

Cable-free power bank charging

This lightweight battery pack is designed with an integrated charging dock. Insert the charging dock into the phone and charge, no more cable trouble.
