- Convenient charging

Premium experience

- Ultimate experience, personalized to you with 5 shaving mode
- Built to last longer: 7 years warranty*****
- Kills 99.9% bacteria*****; charges for up to 6 weeks of shave
- Designed to last. Built for the future

Skin comfort (Skin IQ Pro)

i9000 Prestige Ultra

Wet&Dry Electric Shaver with SenseIQ Pro

XP9400/89

Highlights

Triple Action Lift&Cut System

Our patented Triple Action Lift & Cut system gently lifts the hair gently from its root to cut it precisely up to -0.08 mm root-level, without blades even touching your skin. For an ultimate closeness that lasts all day.

360° Precision Flexing Head

Fully flexible and smaller, compact heads with skin stretching patterns dynamically adapt to every curve of your face. For constant skin contact with 20% more precision** to catch difficult hairs on the neck and under the nose. Precision everywhere.

NanoTech Dual Precision Blades

Designed to catch hair growing in different directions, 360° rotating NanoTech Dual Precision blades catch 25% more hair per stroke*, with 165,000 cutting actions per minute, for precise efficiency even on a 1, 3 or 7-day beard.

Active Pressure & Motion Guidance

Our Active Pressure & Motion guidance system lights up to provide real-time feedback on the ideal shaving pressure and motion you use. For advanced skin comfort and efficient shaving performance.

Hydro SkinGlide Coating

Our most advanced skin protection delivers 50% smoother gliding on the skin*** with the hydrophilic coating holding up to 500,000 microtech beads per square centimeter. For less friction and maximum comfort.

Customized Shaving Modes

Our 5 shaving modes adapt the power and pressure guidance for a tailored shave: Regular for daily use, Sensitive for a gentle shave, Intense for thick beards, Foam for wet shaving, and Custom for your personalized needs.

Power Adapt Sensor

The shaver's intelligent sensor reads hair density 500 times a second and auto-adapts the cutting power for an effortless and gentle shave, even on dense beards.

Improve efficiency with our app

Pair your shaver with our app for an ever-better routine and technique. Experience real-time guidance and personalized shaving insights to help you look and feel your best every day.

7 Years Warranty

Our shavers are designed for care and a long life. Self-sharpening blades are made with the durable space-grade steel, and last 2 years between replacement. Our battery and motor are designed to last up to 7 years.

i9000 Prestige Ultra

Wet&Dry Electric Shaver with SenseIQ Pro

XP9400/89

Highlights

UV Power Charger

The world's first UV Power Charger. It sanitizes your shaver in just 10 minutes, killing 99.9% of bacteria****. It charges your shaver for up to 6 weeks of shaving with a built-in Li-Ion battery. USB cable charging

Precision trimmer attachment

Skin-friendly and easy to use, give your mustache and sideburns extra definition with the click-on precision trimmer.

Wet & Dry

Adapt your shaving routines to your needs. Our shaver is 100% waterproof so you can choose a comfortable dry shave, or a refreshing wet shave. You can shave with gel or foam even under the shower.

One-touch open

Clean your electric shaver with the touch of a button. Simply flip open the shaver head and rinse with water.

USB-A Charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimize the number of USB adaptors we put in the market. Should you need an adapter, a suitable supply unit is available via: www.philips.com/support

Sustainability

All our i9000 shavers are made with high-quality long-lasting component and recyclable packaging, while our blades are produced in a factory that uses 100% renewable energy.
