Highlights

Self-sharpening metal blades

Self-sharpening metal blades deliver added strength for maximum precision as you trim, staying as sharp as day 1 with no blade oil required. Non-corrosive blades also make it easy to clean.

40 lock-in length settings

The trimmer's Precision Dial has 40 length settings in 0.2 mm steps, helping you to craft your beard as precisely as you need.

Hair collector

Our innovative hair collector efficiently catches up to 80% of trimmed hairs*, giving you less hassle as you trim.

BeardSense Technology

With BeardSense Technology, our trimmer scans your beard density 125 x per second to boost power in denser areas, giving you the right power for the best result.

Even trim with Lift & Trim comb

The advanced Lift & Trim combs lift hairs towards the blade, capturing hair with each pass for an efficient and even trim.

Fading combs

The trimmer's fading combs create shades on both sides of your beard for an ideal finish.

100% waterproof

Because the trimmer is 100% washable, you can just rinse it under the tap and go, simplifying your grooming experience.

Ergonomic grip

Our ergonomic grip with 360 degree Fine Line grip makes the device easy to hold and handle, providing you with the comfort and control you need to perfect your look.

Charging stand

The stand offers convenient charging and storage for your device so it's ready whenever you are.

Highlights

Travel pouch

The travel pouch keeps your device and all of the attachments you need stored in one place, keeping your grooming routine organised at home or when you're on the go.

Up to 100 minutes of cordless usage

Our durable lithium battery delivers up to 100 minutes of runtime with a 5 minute quick-charge option**, for a powerful, continual trimming experience.

Battery indicator

The light indicator keeps you fully informed of your battery status and whether it's fully charged, ensuring that you're always ready for your next grooming session.
