## Highlights

### Unique OneBlade Technology

Philips OneBlade has a revolutionary technology designed for facial grooming. It can shave any length of hair. Its dual protection system - a glide coating combined with rounded tips - makes shaving easier and comfortable. Its shaving technology features a fast-moving cutter (6000x per min) so it's efficient - even on longer hairs.

### Trim it down (3 combs)

Trim your beard to a precision stubble length with one of the included 3 stubble combs: 1mm for a 5 o'clock, 3mm for a tight trim, and 5mm for a long stubble.

### Edge it up

Create precise edges with the dual-sided blade. You can shave in either direction to get great visibility and see every hair that you're cutting. Line up your style in seconds!

### Shave it off (Face)

OneBlade doesn't shave as close as a traditional blade - so your skin stays comfortable. Go against the grain and shave off any length of hair easily.

### Dual-sided blade

OneBlade follows the contours of your face, allowing you to easily and comfortably shave all areas. Use the dual-sided blade to style your edges and create clean lines by moving the blade in any direction.

### Click-on skin guard

Attach the skin guard for an extra layer of protection on sensitive areas.

### Click-on body comb

Attach the body comb (3 mm) for an easy trim in any direction.

### Blade that doesn't fade easy

Durable stainless steel blade that lasts up to 4 months of use\* to keep that fresh feel. When the replacement indicator - eject icon - will appear on the blade, the blade performance may no longer be optimal. It is time to consider changing the blade for the best shaving experience.

## Highlights

### USB-A charging

Can be charged at home or on the road, perfect for your daily routine and for travel.

### Wet & dry

OneBlade is fully waterproof (IPX7), so it is easy to clean: just rinse it under the tap. You can shave wet or dry, even in the shower - whichever you prefer. No shaving foam needed.

### Long lasting battery

Rechargeable NimH battery delivers 30 minutes of constant shaving power after an 8 hour charge.
