PHILIPS

DreamMapper

Getting started on DreamMapper

Take charge of your sleep therapy

Step 1 Download the DreamMapper app

Scan the QR code or search DreamMapper in your app store

Step 2 Register your DreamMapper account

- a. Open the app and tap Create Account. Enter the required information, accept the Terms and Privacy notice, tap **Register**. Note: your email address will be your username.
- b. Choose a password to meet the requirements, then tap **Create Account**. Choose which consents you would like to agree to, then tap **Let's get started!**

Step 3 Customise your account

- a. Choose your mask type. Confirm by tapping Next. Choose your mask, and tap Save to proceed.
- **b.** Choose to **Allow Notifications** if you would like prompts from DreamMapper on your phone home screen.

Step 4 Bluetooth pairing for DreamStation

 a. Tap the icon a in the top left of the screen to enter the **Profile** menu.

 Scroll down and tap Therapy device, then tap your device serial number.

c. Tap Pair this device making sure to Allow Bluetooth permissions when prompted.

Note: For Android devices, ensure to also Allow DreamMapper to locate nearby devices.

- **d.** On the DreamStation, turn the dial to **Yes** and push the dial to accept pairing.
- e. Enter the code displayed on the DreamStation into the DreamMapper Bluetooth Pairing Request prompt on the app. Tap Pair.

Step 5 Consent to share and sync your therapy data

- a. Once complete, you should see a green tick.
 Tap the slider to green to choose to allow your therapy provider access to your therapy progress, before tapping **Done**. Then tap **Device sync**.
- **b.** Wait a moment for DreamMapper to sync your data. Once complete, you can navigate back to the main screen using the back arrow to view your data.

Note: If you choose to allow your therapy provider access to your therapy data, you will need to supply them your device serial number and email address. They can then email you a PIN code to enter into DreamMapper to complete the link.
