

PHILIPS

Button cell

Minicells

Lithium

CR2032T1BK

Top quality technology for small devices

Provides a long lasting performance in everyday small electronic devices

Lithium technology

- A full line up for use in a wide variety of applications
- No mercury added to the Minicells battery
- Protection against leakage design

Top Performance

- Holds power up to 10 years
- Reliable for long term performance
- Lithium, Silver and Alkaline technology for small devices

Highlights

Reliable performance

In manufacturing excellent technology is being used to guarantee a reliable and long term performance.

Power for small devices

The Lithium, Silver and Alkaline technologies offer a reliable maximum power and lifetime value for small devices.

No mercury added

No mercury added to the Minicells battery for a better environment.

Specifications

Green Specifications

Chemical composition: Lithium

Heavy metals: Cd free, Hg free, Pb free

Packaging material: Carton, PET

Packaging type: PET blister

Outer Carton

Number of consumer packagings: 2

GTIN: 1 48 95229 12816 0

Power

Battery type: Button cell / Lithium

Battery voltage: 3.0 V

Packaging dimensions

Packaging type: Bulk

Type of shelf placement: Hanging

Number of products included: 1

EAN: 48 95229 12816 3

Product dimensions

Height: 0.32 cm

Width: 2 cm

Depth: 2 cm

Width: 0.8 inch

Height: 0.1 inch

Depth: 0.8 inch

Technical specifications

Interchangeable with: CR2032, DL2032
