DDL242XI5KMW

Essential Smart Security

4 ways to unlock

Classic design meets cutting-edge technology—the physical keypad panel offers easy use, while built-in Wi-Fi provides full smart functionality, including remote control, real-time notifications, and multiple unlock methods.

Seamless ease of use

- 4 ways to unlock your door with ease
- Fingerprint access for all your instant moments
- Auto-lock your door with peace of mind

Technical solutions

- Remote control your lock through app on your smartphone
- Works with voice assistants for easy smart home integration

Enhanced security and safety

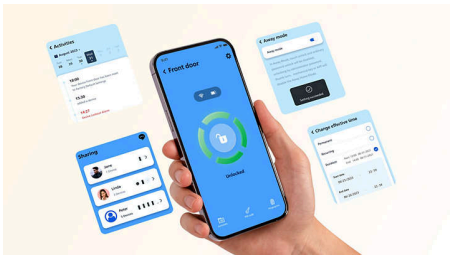
- Let you stay informed in all critical situations

Highlights

All-in-one security alerts

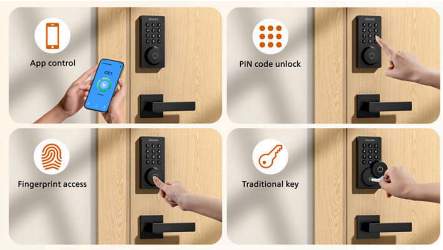
The lock provides all-in-one security alerts, including Away mode alarm when you leave home, Jam alarm for latch blockage, Low battery alert for timely maintenance, and Wrong-entry limited Alarm triggered when multiple incorrect attempts are made within a short period. These alerts keep you informed and enhance home security.

Remote control through app



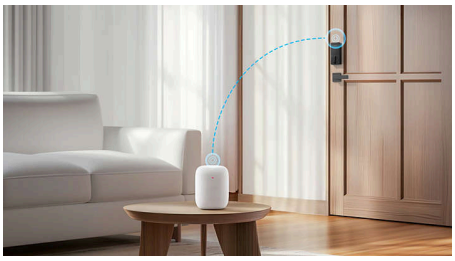
With the Philips Home Access app, you can lock and unlock your door remotely, share PIN codes, monitor real-time notifications, and check your lock's activity history—all from your smartphone, ensuring complete control over your home's security no matter where you are.

4 ways to unlock



Choose the unlock method that fits your lifestyle the moment you arrive home. You can choose from unlocking with your fingerprint, PIN codes, keys, or just unlock the door with a gentle touch of the Philips Home Access app on your smartphone.

Works with voice assistants

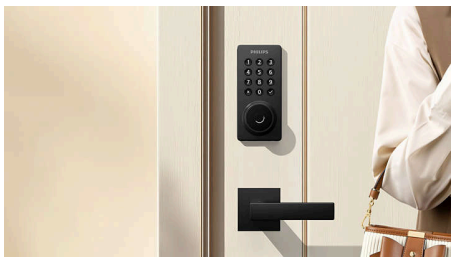


Seamlessly integrate the lock into your smart home system with Amazon Alexa or Google Assistant. Use voice commands to lock, unlock the door, and check door status, offering convenient hands-free control.

Fingerprint access

With 0.3s recognition speed, a 99% recognition rate, and the ability to store up to 20 fingerprints, you can enjoy quick and secure access. Just a simple touch for fast, reliable entry every time.

Auto-lock



The Auto-lock feature automatically locks your door after a set time (between 10-180 seconds). Whether you're in a rush or simply forget, this feature ensures your door is securely locked, offering convenience and enhancing your home's security.
