- Safety lock to avoid scalding
- BPA-free

Highlights

Micro X-Clean Softening filter

Enjoy crisp and pure tasting water, as well as flavourful hot and cold drinks. Philips Micro X-Clean Softening+ filter reduces chlorine, heavy metals, and emerging contaminants such as microplastics and PFOA*. It also offers 50% more protection against limescale build-up.

Hot water within seconds

The innovative instant heating technology helps to provide hot water within seconds, at the temperature you like, bringing out the maximum aroma in your drinks.

3 temperature settings

We provide pure-tasting water from ambient to piping hot. Tea, coffee, baby formula. You can do a million things with it.

Commonly-used volume settings

You can always find a suitable water volume to fill your cups, mugs, bottles, or even jugs.

Installation free

The dispenser will start to work as soon as you connect the power and turn it on. No need to plumb in.

Safety lock

When dispensing hot water, the safety lock will be automatically activated to ensure safety.

BPA-free

All parts that come into direct contact with water are made of BPA-free materials.
