## UPC

UPC: 8 40063 20730 1

## Voice assistant

Voice assistant compatible: Apple Siri, Google Assistant

Voice assistant activation: Multi-Function touch

Voice assistant support

# Highlights

## Small earbuds, great sound

These true wireless earbuds might be small, but you won't need to turn up the volume to get the best sound. Tap the left earbud to activate dynamic bass and you can enjoy the full power of your favourite basslines, even when listening quietly.

## Clear calls

Your voice will come through clearly when you're on a call. A dedicated mic picks up the sound of your voice while a noise-reduction algorithm quietens some of the background noise from the world around you.

## Solid Bluetooth connection

Advanced Bluetooth connectivity gives you a more stable connection for seamless streaming. Enjoy that playlist or listen uninterrupted to your favourite podcast without annoying dips in the sound.

## Up to 24 hours of play time with the case

You get 6 hours of play time from a full charge and an extra 18 hours from the case. Pop the earbuds back in the case and they'll recharge fully in 2 hours. If you need a quick boost, just 15 minutes gives you an extra hour. The case can be charged via USB-C.

## IPX4 splash and sweat resistant

Never mind the weather, an IPX4 rating means these earbuds are splash resistant so they don't mind a little rain! Wearing them on a particularly hot day? They won't mind a little sweat either.

## Philips sound signature

From music to podcasts, love what you hear! These true wireless earbuds feature large 10 mm drivers tuned to the Philips sound signature. Whatever you're into, you'll enjoy a warm, natural sound with deep bass.
