Close shave. Even on hard-to-reach areas.

Shave gently. Care deeply. Self-care isn't selfish.

Our most premium Lady Shaver with a flexible head and LED light. Dermatologically tested. Designed for gentleness, it glides seamlessly along your curves for a close shave. Because you deserve an experience that's anything but ordinary.

Goodbye, skin irritation. Hello, smooth skin.*

- Less burning, less redness, more skin comfort.**
- Dermatologically tested on sensitive skin.

Effortless. Fast and Easy.

- Wet for the shower. Dry for on the go.
- Fast and easy. Cord-free. Up to 100 min runtime.
- Plastic parts made with >55% recycled plastics.

Close shave. Even on hard-to-reach areas.

- Removes hair as short as 0.2 mm for a gentle, clean shave.
- Flexible head glides seamlessly along your curves.

Lighting the way to smoother skin.

- LED light. Spot it. Shave it.

Lady Shaver Series 8000

Cordless shaver, Wet & Dry

Highlights

Gentle and clean shave

3-blade system with a flexible head for a gentle, clean shave - prevents nicks and cuts. Consists of dual-sided trimmer tips that pre-trim all hair. Shaving foil with diamond shaped openings are designed to shave pre-trimmed hair in one go.

Flexible head for body contours

Introducing our first Philips Lady Shaver with a flexible shaving head, designed for your curves.*** The flexible head glides seamlessly along your curves for a close, precise shave. Hard-to-reach spots? No problem. It moves with your body contours and a LED light helps to spot every hair. Personalise your shaving with the two speed settings for more control over the speed and intensity of your hair removal.

LED light. Spot it. Shave it.

Because your skin deserves spotlight treatment. New Lady Shaver with built-in LED light catches every hair.

Goodbye, skin irritation*

Say goodbye to razor burns and redness - 80% of women experienced smooth, irritation-free skin after use.** Dermatologically tested on sensitive skin.

Wet and Dry

Seamlessly fits into your routine - whether you're in the shower or on the move. Wet or dry, the choice is yours.

Effortless. Fast and easy

Built for the way hair grows. Shave both ways: Up. Down. Done. No cord holding you back - effortlessly reach every spot, from underarms, to legs, to toes. Stay powered for up to 100 mins on one charge. No interruptions.

Dermatologically tested

Where technology meets care - for skin that feels as good as it looks. Designed for gentleness, tailored for care - because you deserve an experience that's more than ordinary.

One-time buy that lasts years

Plastic parts made with >55% recycled plastics, paper-based packaging and no adapter in the box. A one-time purchase that lasts for years.**** One shaving foil, a whole year of effortless shaving.
