Highlights

Premium audio

The 40 mm driver delivers superior mono audio for calls and navigation, with an option to switch to stereo for immersive music during breaks. Enjoy premium sound tailored for truckers' diverse needs on the road.

Easy button controls

Intuitive button controls let you manage calls and volume without looking away from the road. Designed for quick, safe operation, they keep you in control during every haul, ensuring seamless audio adjustments on the move.

Mono over-ear design

The over-ear mono design delivers clear audio while keeping one ear free for situational awareness. Switch to stereo for enhanced audio during downtime, perfect for truckers balancing work and relaxation.

Flippable ENC boom mic

The flippable boom mic with ENC ensures your voice cuts through noisy truck cabs or rest stops. Flip it up for convenience or adjust for clear, professional calls, keeping communication sharp in any environment.

35 hrs talk time

Up to 35 hours of talking time on a single charge, this headphone powers through long hauls. Recharge quickly with the USB-C cable, ensuring you're always ready for your next journey without interruption.

Adjustable headband

The adjustable headband offers a secure, personalized fit, built tough for daily wear. It stays comfortable through long drives, keeping one ear free for safety, perfect for truckers enduring extended routes.

Rugged design

The rugged design withstands drops, vibrations, and trucking life's demands, ensuring reliability on every route. Built to last, it keeps you connected through the toughest conditions of your journey.

Versatile charging and stereo option

Stay powered with a 12V/24V car charger and USB-C cable, compatible with your truck's system. The durable pouch keeps your headphone safe and organized, ready for any route you take.
