Self-sharpening steel blades

Self-sharpening steel blades deliver added strength for maximum precision as you trim, staying as sharp as day 1 with no blade oil required.

BeardSense technology

With BeardSense Technology, our trimmer scans your beard density 125 x per second to boost power in denser areas, giving you the right power for the best result.

Precision beard styling

The trimmer's multi-comb set comes with 27 length settings from 0.2 mm up to 20 mm in precise increments of up to 0.2 mm, so you can style your beard long or short.

Comfortable body grooming

Experience a close and comfortable trim below the neck with our innovative new body blade. This specially designed trimmer features rounded tips that ensure a gentle touch, making it perfect for the most sensitive areas of your body.

Fast hair clipping

Thanks to the extra-wide 41 mm stainless steel clipper which is designed to cut more with each stroke, you can now trim your hair 30% faster.*** Versatile and easy to use, you can perfect your look using the adjustable length settings with the 4 mm, 9 mm, 12 mm and 16 mm wide combs.
