Highlights

Movies and shows come to life

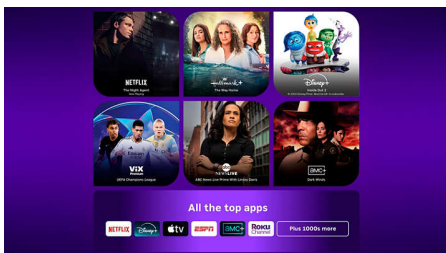

Ambilight brings your entertainment to life by expanding the action outside of your screen with immersive dynamic LED lighting that adapts to your content.

Binge better with less eyestrain

With Ambilight, visuals flow beyond the screen, softening the contrast between bright visuals and dark surroundings—keeping eyes comfortable, even during binge sessions.

America's #1 TV streaming platform

With Roku as your entertainment guide, exploring popular apps—plus free movies, shows, and live TV—is as easy as it is fun.

More gaming excitement

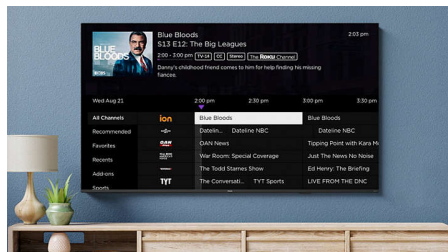

Enhance your gaming experience with reactive lighting that syncs with your gameplay, expanding the action and excitement beyond the screen.

4K UHD resolution with HDR10

4K UHD delivers 4x the resolution of Full HD for sharper picture. Combined with HDR10 for enhanced contrast, richer colors, and more life-like images.

Free live TV

Enjoy 500+ free channels with live news, weather, sports, and more. Plus simple-to-use search that prioritizes free or lowest price options.

Transform your space with Ambient Lighting

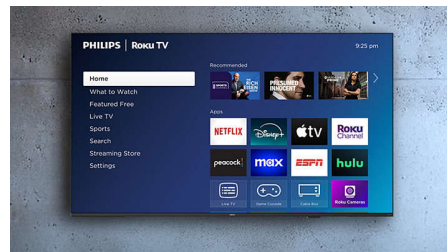

Exhibit an immersive digital gallery with Roku Backdrops. Even set the mood when your TV is off or while playing music with ambient lighting.*

Cast via AirPlay or Roku App

Effortlessly stream videos, photos, music, and more from your Apple device to your TV with AirPlay or the Roku App.

User friendly home screen

Jump right in with a home screen that gets you to what you want to watch fast. Plus, personalized recommendations for finding your next favorite.
