Fast shave

Philips Shaver 1000 Series gives you a fast, clean shave at an accessible price. The 27 self-sharpening PowerCut Blades, wet & dry use and full washability make the shaver easy to use and provide excellent value.

Fast and clean shave

- PowerCut Blades for a consistent, clean shave
- Anti-Corrosion European blades

Easy to use

- Wet and dry shaving at the sink or in the shower
- Waterproof for easy cleaning or shower use
- 35 minutes of cordless shaving from an 1-hour charge
- Sleek lines and youth aesthetic
- One-touch open for easy cleaning
- Battery status at a glance
- Protective cap keeps the shaving head clean
- USB-A for convenient charging

Shaver 1000 Series

Wet & Dry Electric Shaver

S1881/00

Highlights

PowerCut Blades

27 self-sharpening blades with 3.5 million cutting motions/minute consistently cut each hair up to 0.046 mm for a smooth, even finish every time.

Anti-Corrosion European steel

The self-sharpening blades are made from surgical-grade steel to resist corrosion and they stay like new for 2 years.

Wet and dry shaving

Choose a convenient dry shave, or pair with your favorite foam or gel for a refreshing wet shave, even in the shower.

Iconic design

With its sleek lines and a youthful aesthetic, the design of the shaver seamlessly blends into any contemporary lifestyle.

One-touch open

The shaver head flips open at the touch of a button to rinse it under running water.

35 minutes of cordless shaving

A durable NiMH battery provides 35 minutes of shaving power on an 1h charge.

Waterproof (IPX7)

Rinse under running water or shave in the shower. The IPX7 waterproofness rating means it can be submerged in one meter of water for up to 30 minutes.

Protective cap

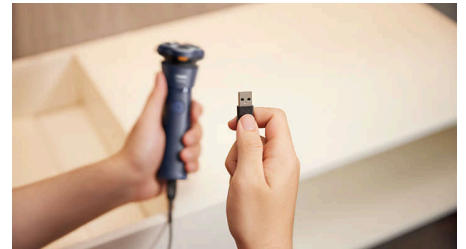

Keep the shaving head clean and safe between shaves or when traveling.

Battery indicator

Don't get caught with an empty battery. The battery indicator lets you know if the battery is low or charging.

USB-A Charging

At Philips, we drive sustainability in all aspects of product creation. Our ambition is to reduce waste and minimize the number of USB adaptors we put in the market. Should you need an adapter, a suitable supply unit is available via: www.philips.com/support
