

EXHIBIT 23

ADDITIONAL TERMS AND CONDITIONS FOR FOCAL POINT WITH CONSULTING SERVICES (Rev 25.2)

1. Services Provided.

- 1.1 Commencing on the Effective Date of the Agreement and subject to the limitations below, Philips will provide PerformanceBridge Focal Point with Consulting Services described herein or as otherwise specified on the Quotation(s) for the Sectors, as defined below and identified on the Quotation.

2. Definitions.

- 2.1 Sector. A location on a central station where a patient and the related patient equipment is assigned. Often used interchangeably with beds or patients. A Sector is Equipment under this Agreement.
- 2.2 Node. A device or node refers to an IP addressable network node, which is a configured component of a Philips Patient Monitoring System/Solution.
- 2.3 Agreement. All references to “Agreement” refer collectively to the following (and in the event of any conflict between the terms therein, the priority for control, from first to last priority, shall be): the Quotation, this Exhibit, and the Philips Healthcare Service Terms and Conditions.

3. Term.

- 3.1 For new Monitoring Analytics and Therapeutic Care products installed by Philips, the Agreement term will commence immediately following installation and availability for first patient use. The term of the Agreement is defined in the Quotation and the end date for all sectors will be co-terminus. For existing systems or renewals of existing service contracts, the start and end date of the Agreement shall be defined in the Quotation.

4. Telephone and Remote Support.

- 4.1 Telephone Support. Telephone and Remote Support coverage is included with all Agreements. Technical and Clinical Telephone and Remote Support coverage services are available twenty-four (24) hours per day, seven (7) days per week, including Philips-recognized holidays. Philips Customer Care Support Line Call + 1 800-722-9377.
- 4.2 Remote Access and Diagnostics. Philips may remotely access any Customer system tied to the Equipment required to perform Services. Customer shall provide Philips remote access to the Equipment.
- 4.3 On-Site Software Resolution Response. Philips primary method for software services is telephone and Philips Remote Services (“PRS”). Philips, at its sole discretion, may provide on-site software support services to resolve software issues that cannot be resolved through Philips’ primary resolution method. On-site service is next business day, Monday through Friday 8:00 AM to 5:00 PM local time, excluding Philips-recognized holidays, and includes labor and travel necessary for the delivery of corrective services. On-site Software Resolution is not an installation service for new products.

5. PerformanceBridge Focal Point.

- 5.1 During the term of this Agreement, Philips will provide Customer access to the PerformanceBridge Focal Point Licensed Software (“Focal Point”). Access to Focal Point is available to Customer and Philips support personnel working on-site and remotely. Philips will install Focal Point on virtual or physical hardware, pursuant to the system installation and reference guide. Customer will be entitled to all new software versions, updates, telephone (at the number stated in Section 4.1 of this exhibit) and remote support during the term of the Agreement.
- 5.2 License Grant. Subject to any usage limitations for the Focal Point Licensed Software (referred to in this Section 8 as “Licensed Software”) set forth on the product description found on the Quotation and license restrictions set forth in this Section 8, Philips grants to Customer a non-exclusive and non-transferable right and license to use the Licensed Software in accordance with the Agreement and this Exhibit (the “License”). The License shall continue for the term of the SES Quotation, except that Philips may terminate the License if Customer is in material breach of this Agreement. In such instance of License termination, Customer shall return the Licensed Software and any authorized copies thereof to Philips immediately upon expiration or termination of this License.
- 5.2.1 The License does not include any right to use the Licensed Software for purposes other than the operation of Philips monitoring products. Customer may not copy, reproduce, sell, assign, transfer, or sublicense the Licensed Software for any purpose without the prior written consent of Philips. Customer shall reproduce Philips’ copyright notice or other identifying legends on such copies or reproductions. Customer will not (and will not allow any third party to) decompile, disassemble, or otherwise reverse engineer or attempt to reconstruct or discover the product or Licensed Software by any means whatsoever.
- 5.2.2 The License shall not affect the exclusive ownership by Philips of the Licensed Software or of any trademarks, copyrights, patents, trade secrets, or other intellectual property rights of Philips (or any of Philips’ suppliers) relating to the Licensed Software.

- 5.2.3** Customer agrees that only authorized officers, employees, and agents of Customer will use the Licensed Software or have access to the Licensed Software (or to any part thereof), and that none of Customer's officers, employees, or agents will disclose the Licensed Software, or any portion thereof, or permit the Licensed Software, or any portion thereof, to be used by any person or entity other than those entities identified in the Agreement. Customer acknowledges that certain of Philips' rights may be derived from license agreements with third parties, and Customer agrees to preserve the confidentiality of information provided by Philips under such third-party license agreements.
- 5.2.4** The Licensed Software shall be used only on the product(s) covered under this Agreement.
- 5.2.5** Each license hereunder is limited to one (1) instance of Focal Point per Site/location included in the Quotation, and each Focal Point instance is limited to 4,000 device/node connections. A device or node refers to an IP addressable network node, which is a configured component of a Philips Patient Monitoring System/Solution. If additional Focal Point instances are required, determined solely by Philips, they will be provided upon mutual agreement of both parties. If there is more than one (1) site or location, Customer must purchase the appropriate software maintenance coverage for each additional site or location to receive access to the Focal Point license.
- 5.2.6** Customer acknowledges that the Philips Administrator Account of the Licensed Software, and any related login credentials that Philips provides to Customer, shall not be used, and Customer agrees not to so use, for any reason. Instead, the Licensed Software's Philips Administrator Account functionality is for use only by Philips and its authorized service representatives.
- 5.2.7** The Licensed Software shall be used only on the product(s) referenced in the Quotation ("Products"). Customer may transfer the Licensed Software in connection with sale of the Product to a healthcare provider who accepts all of the terms and conditions of this License and Agreement, provided that Customer is not in breach or default of this License, this Agreement, or any payment obligation to Philips.
- 5.2.8** Customer shall return the Licensed Focal Point Software and any authorized copies thereof to Philips immediately upon expiration or termination of this SES Agreement.
- 5.2.9** It is imperative that Customer install and activate Focal Point and connect to Philips Remote Service ("PRS") within ninety (90) days of the date of Agreement execution to ensure OS Patching services. If Customer declines/delays Focal Point installation or defers any OS Patching cycle(s), Philips requests a Customer signature on the associated approved Philips document to confirm their awareness and acceptance of a cybersecurity event risk. Customer will be charged time and material for any onsite OS patching services provided by Philips during this period of declined/delayed Focal Point installation.
- 5.2.10** Philips will provide remote installation of validated Microsoft operating system patches available for the Philips PIC iX system(s) and IBE. Customers can choose the frequency and the timing to apply the validated patches based upon their risk profile."
- 5.3** Modifications. If Customer modifies the Licensed Software in any manner, all warranties associated with the Licensed Software shall become null and void. This does not apply to patches or software updates provided by Philips to Customer. If Customer or any of its officers, employees, or agents should devise any revisions, enhancements, additions, modifications, or improvements in the Licensed Software, Customer shall disclose them to Philips, and Philips shall have a non-exclusive royalty-free license to use and to sub-license them.

 - 5.3.1** The Licensed Software is licensed to Customer on the basis that (a) Customer shall maintain the configuration of the products as they were originally designed and manufactured and (b) the product includes only those subsystems and components certified by Philips. The Licensed Software may not perform as intended on systems modified by anyone other than Philips or its authorized agents, or on systems which include subsystems or components not certified by Philips. Philips does not assume any responsibility or liability with respect to unauthorized modification or substitution of subsystems or components.
 - 5.3.2** Application Patches. From time-to-time, the Licensed Software may require the remote installation of certain application updates, upgrades, or enhancements to properly maintain the application in accordance with Philips' specifications ("Application Patches"). Working with Customer, Philips reserves the right to manage all Application Patches. These Application Patches will be sent remotely and securely to Customer's premise by means of Philips' Remote Services Gateway. If not deployed, Philips will be prevented from remotely installing such Application Patches to properly maintain the application in accordance with Philips' specifications.
 - 5.3.3** OS Patches. Focal Point will periodically synchronize with a remote HSDP-based master Window Server Update Services (WSUS) server as defined within the Microsoft WSUS documentation. This synchronization

is required for the Focal Point OS Patching feature to maintain an updated list of which Microsoft OS patches have been qualified by Philips and is required for the Focal Point OS Patching feature to function.

- 5.4 Processing of Personal Data.** Other than as set out in Section 8.3 herein, in the event that Customer requests Philips to do so, Philips will process Personal Data only on instruction of Customer as set out in the Agreement and/or other communications made by Customer to Philips (where such instructions are consistent with the terms of the Agreement), unless otherwise required by applicable law ("Instruction(s)"). Customer warrants (a) that its Instructions will comply with applicable law including in relation to the protection of Personal Data and (b) that its Instructions will not cause Philips to violate applicable law. "Personal Data" means the information relating to an identified (or identifiable) individual, and collected, received, generated or otherwise obtained or processed by Philips in relation to or in the context of the Agreement or the relationship with Customer.

- 5.4.1 Instructions to Philips.** The Licensed Software will collect and aggregate machine-to-machine data which may include certain Personal Data (e.g., IP addresses) ("Machine Data"). Customer hereby instructs Philips to process Personal Data (to the extent Personal Data is included in the Machine Data) for or in relation to performing the Services to Customer and other obligations under this Agreement, and as necessary to comply with other reasonable instructions provided by Customer where such Instructions are consistent with the terms of this Agreement. Customer represents and warrants to Philips that, prior to activation of the Philips' remote access to Customer's IT network:

5.4.1.1 Customer has the right and the authority to provide the Personal Data to Philips for Philips' use of such data pursuant to this Agreement, including cross-border transfers;

5.4.1.2 Customer has provided any required notices and obtained any required consents from individuals as required by applicable law to collect and process their Personal Data (which may include medical and health data);

5.4.1.3 Customer is fully and solely responsible for the accuracy, legality and consistency of the Personal Data it provides to Philips, and

5.4.1.4 Customer's provision to Philips of the Customer Data and Philips' use of Personal Data pursuant to this Agreement will not violate any applicable law, or privacy policy.

- 5.4.2 Inability to Provide Data.** Customer will notify Philips without undue delay if Customer becomes aware that Customer is unable to meet its obligations under this Section 8. In such cases, Philips will work with Customer in good faith to determine whether and how to deliver the Services.

- 5.4.3 Protection of Data.** Philips will take appropriate commercially reasonable technical and organizational measures to protect the Personal Data, at a level appropriate to the risk, of accidental or unlawful destruction, loss, alteration, unauthorized disclosure or access during the processing.

- 5.5 Use of Machine Data.** Philips acknowledges and agrees that Customer owns all Machine Data. Customer hereby licenses the Machine Data to Philips for use, processing, and aggregation consistent with this Agreement. Philips' usage will be solely in a primary usage manner to deliver functionality and services to Customer, which includes but is not limited to the aggregation and processing of Machine Data to enable users of the License Software (including Philips) to see statistical and reporting information and to troubleshoot problems that may arise. Customer acknowledges that it can access and copy Machine Data at any time through the Licensed Software application, and that Customer may request in writing that Philips delete the Machine Data.

6. Customer Success Management Services.

- 6.1** During the term of the Agreement Philips will assign a Customer Delivery Manager familiar with Customer account, key stakeholders, and contract coverage to provide the following:

- 6.1.1** Philips will schedule and deliver a remote coverage and status review meeting annually, at a mutually agreeable date and time. The status meeting will focus on available entitlements and planning. The status review may outline all Equipment service issues resolved during the previous period and review any open or unresolved issues.

7. True-Up For Sectors Added After initial Quotation.

- 7.1** Philips and Customer will review annually the Sectors covered by the Agreement to match the number of Sectors actually installed at the Site(s). Philips will automatically update Customer invoice to match the current Sectors installed on the True Up date on a go forward basis. To effectuate this update, Philips shall issue a new Quotation and Customer shall issue an updated PO covering any additional Sectors. Philips has no responsibility to Service systems not listed on the then-current Quotation.

8. Customer Responsibilities.

- 8.1** System Administrator. Customer shall designate an individual(s) to serve as Customer system administrator ("System Administrator") and an alternate, who will serve as Philips' primary support contacts. These individuals should be familiar with all aspects of training provided by Philips, including end-user and system administrator training. In addition, the System Administrator shall maintain the integrity of the Equipment operation and ensuring that proper backup procedures are in place as outlined in the System Installation and Reference Guides.
- 8.2** Remote Access. Customer must provide necessary uninterrupted remote access, required information, and support for the Equipment to connect to Philips Remote Service ("PRS"). PRS is the basis for Services delivered under this Exhibit. Customer waives all rights to services and service deliverables under this Agreement unless PRS connectivity is enabled and maintained.
- 8.3** Security. Customer is solely responsible for providing adequate security to prevent unauthorized Equipment access to Philips (or its third-party vendors) proprietary and confidential information.
- 8.4** Software Version Levels. Customer must maintain the Equipment at a currently supported version to receive support under this Exhibit.
- 8.5** Hardware Revision Levels. Customer must maintain all associated Equipment hardware, firmware, and middleware at the required revision levels for the software version.
- 8.6** Data Reconstruction. Customer shall follow the recommended back-up processes as outlined in the Equipment Installation or Reference Guide. Customer is responsible for the reconstruction, restoration, retrieval, or recovery of any lost or altered patient records, files, programs, or data. Philips is not responsible for the reconstruction, restoration, retrieval, or recovery of any lost or altered files, data, or programs.
- 8.7** Intermediate Resolutions. Customer shall implement any intermediate resolutions or workarounds as requested by Philips while Philips seeks a long-term resolution.

9. Service Limitations.

- 9.1** Software Restoration. If the software fails and the supported application software requires restoration, then Philips will reinstall the application software, database software, and operating system to the revision level that existed prior to the malfunction or failure and Philips will attempt to reinstall Customer-created data backup. If Customer-created data backup cannot be used to re-install any data to the Equipment, Customer will hold sole responsibility for the loss of data. Custom or third-party software, custom database configurations or reports, and Customer-written product interfaces are not included. If an Equipment failure is attributed to hardware not supported under the Agreement, Customer shall restore the software, operating system, and database software before Philips begins any software restoration efforts.
- 9.2** Anti-Virus Statement. Philips software is a computer-based medical product and, therefore, may be subject to attack by outside computer viruses. The software required to prevent attack by a computer virus must be constantly monitored and updated. Customer shall install and maintain its own anti-virus software in accordance with the Equipment Installation or Reference Guide. Philips shall use reasonable efforts to notify Customer if Philips becomes aware of any virus in the software licensed to Customer under this Agreement.
- 9.3** Non-Philips Software Assistance. Requests for assistance with hardware, operating systems, communications network, third-party software, printer configuration, etc., are outside the scope of this Agreement.

10. Exclusions.

In addition to the Service Exclusions set forth in the Agreement, the following Service Exclusions apply to the applicable Monitoring Analytics and Therapeutic Care Services.

- 10.1** Any combining of the Equipment with a non-qualified device. A non-qualified device is:
 - 10.1.1** any product (hardware, firmware, software, or cabling) not supplied by Philips, whether used internal or external to Equipment without Philips' approval. Examples include, software patches, security fixes, and service packs from the operating system, web browser, or database software manufacturer(s);
 - 10.1.2** any product supplied by Philips that has been modified by Customer or any third party;
 - 10.1.3** any product maintained under this Agreement in which Customer does not allow Philips to incorporate engineering improvements; and
 - 10.1.4** any product that has reached its End of Life.
- 10.2** Operating system software issues that manifest themselves in non-performance of another installed application and affect use or performance of the Equipment.
- 10.3** the Equipment covered by this Exhibit is software only, then notwithstanding anything to the contrary in the Agreement or this Exhibit, network, hardware and parts are not included in the Services.
- 10.4** Any network related problems.
- 10.5** The cost of Consumables, software media, and cassettes.

11. Customer Contact.

- 11.1** Customer will designate an individual, as may be updated from time-to-time, who will act on its behalf to work with Philips and coordinate Customer's entitlements during the Agreement. Customer will provide Philips such delegate's name, title, phone number, and e-mail address.
- 11.2** Modifications.
- 11.2.1** If Customer modifies the Licensed Software in any manner, all warranties associated with the Licensed Software and the products shall become null and void. Customer installation of Philips issued patches or updates shall not be deemed to be modification. If Customer or any of its officers, employees, or agents should devise any revisions, enhancements, additions, modifications, or improvements in the Licensed Software, Customer shall disclose them to Philips, and Philips shall have a non-exclusive royalty-free license to use and to sub-license them.
- 11.2.2** The Licensed Software is licensed to Customer on the basis that (a) Customer shall maintain the configuration of the products as they were originally designed and manufactured and (b) the product includes only those subsystems and components certified by Philips. The Licensed Software may not perform as intended on systems modified by other than Philips or its authorized agents, or on systems which include subsystems or components not certified by Philips. Philips does not assume any responsibility or liability with respect to unauthorized modification or substitution of subsystems or components.
- 11.3** Stand-alone Licensed Software. For a period of ninety (90) days from the date Philips makes Stand-alone Licensed Software available for first patient use, such Stand-alone Licensed Software shall substantially conform to the technical user manual that ships with the Stand-alone Licensed Software. "Stand-alone Licensed Software" means sales of Licensed Software without a contemporaneous purchase of a server for the Licensed Software. If Philips is not the installer of the Stand-alone Licensed Software, the foregoing warranty period shall commence upon shipment.
- 11.4** Philips' sole obligations and Customer's exclusive remedy under any product warranty are limited, at Philips' option, to the repair or the replacement of the product or a portion thereof within thirty (30) days after receipt of written notice of such material breach from Customer ("Product Warranty Cure Period") or, upon expiration of the Product Warranty Cure Period, to a refund of a portion of the purchase price paid by Customer, upon Customer's request. Any refund will be paid to Customer when the product is returned to Philips. Warranty service outside of normal working hours (i.e., 8:00 AM – 5:00 PM, Monday through Friday, excluding Philips' observed holidays), will be subject to payment by Customer at Philips' standard service rates.
- 11.5** This warranty is subject to the following conditions: the product: (a) is to be installed by authorized Philips representatives (or is to be installed in accordance with all Philips installation instructions by personnel trained by Philips); (b) is to be operated exclusively by duly qualified personnel in a safe and reasonable manner in accordance with Philips' written instructions and for the purpose for which the products were intended; and, (c) is to be maintained and in strict compliance with all recommended and scheduled maintenance instructions provided with the product and Customer is to notify Philips immediately if the product at any time fails to meet its printed performance specifications. Philips' obligations under any product warranty do not apply to any product defects resulting from improper or inadequate maintenance or calibration by Customer or its agents; Customer or third party supplied interfaces, supplies, or software including without limitation loading of operating system patches to the Licensed Software and/or upgrades to anti-virus software running in connection with the Licensed Software without prior approval by Philips; use or operation of the product other than in accordance with Philips' applicable product specifications and written instructions; abuse, negligence, accident, loss, or damage in transit; improper site preparation; unauthorized maintenance or modifications to the product; or viruses or similar software interference resulting from connection of the product to a network. Philips does not provide a warranty for any third-party products furnished to Customer by Philips under the Quotation; however, Philips shall use reasonable efforts to extend to Customer the third-party warranty for the product. The obligations of Philips described herein and in the applicable product-specific warranty document are Philips' only obligations and Customer's sole and exclusive remedy for a breach of a product warranty.
- 11.6** THE WARRANTIES SET FORTH HEREIN AND IN PHILIPS' WARRANTY DOCUMENT WITH RESPECT TO A PRODUCT (INCLUDING THE SOFTWARE PROVIDED WITH THE PRODUCT) ARE THE ONLY WARRANTIES MADE BY PHILIPS IN CONNECTION WITH THE PRODUCT, THE SOFTWARE, AND THE TRANSACTIONS CONTEMPLATED BY THE QUOTATION, AND ARE EXPRESSLY IN LIEU OF ANY OTHER WARRANTIES, WHETHER WRITTEN, ORAL, STATUTORY, EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY WARRANTY OF NON-INFRINGEMENT, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Philips may use refurbished parts in the manufacture of the products, which are subject to the same quality control procedures and warranties as for new products.

12. Philips IntelliVue Products.

12.1 The following applies in the event Customer elects to use the Philips IntelliVue Information Center on its general network versus dedicating a separate IntelliVue Clinical Network to support the communication between the Philips IntelliVue Information Center and the Philips IntelliVue bedside Vital Signs Patient Care Monitors:

12.1.1 The Philips IntelliVue Information Center is a secondary vital signs monitoring tool that is used by Customers to monitor the activity arising from alarms that sound from a Vital Signs Patient Care Monitor at the patient bedside. Philips advises that the likelihood of network or bandwidth outages is generally greater when using a medical device on a general network vs. a network dedicated solely to its use. In the event of a network or bandwidth outage were to directly affect the Philips IntelliVue Information Center's ability to communicate with a bedside Monitor, the Philips IntelliVue Information Center would not be available to get real time alarm information from a bedside Monitor. Accordingly, Customer is reminded that its nursing protocols at the patient room floor must be based on using the Philips bedside Monitor, at all times, as the primary medical device to use and respond to, for monitoring patient's vital signs at the patient bedside.

12.1.2 Philips does not sell anti-virus software with these products. Customer bears the sole responsibility to purchase and manage all virus issues in connection with the products. Use of anti-virus in a manner not recommended in the user manual or without patch validation with Philips is Customer's sole responsibility or risk.

12.1.3 Philips IntelliVue Information Center. PIIC iX supports multiple antivirus solutions. See the document PIIC iX and PIIC Antivirus Software Use and Configuration Guide for details.
