Highlights

Passive radiator. Punchy bass

The bass you get from this compact little speaker is so deep and rich – you can even see the radiator bouncing to the beat. Bring your music with you and hear it clearly in any room in the house. The glowing lights bring your sounds to life.

Pair 2 speakers for stereo

In the mood for even richer sounds? You can easily connect two identical speakers together to produce fantastic stereo sound. When you connect a second speaker the light displays will also synchronize.

Choose your light mode

This great speaker features multiple light modes so you can add some real atmosphere to your music. Choose between multi-colored lights, a fader and a soft, white night light for when you want to settle down at the end of a long day.

Smooth, round-edged design

This speaker's smooth, rounded corners and the gentle, fading lights create a smart look. Compact enough to pick up and bring with you, the speaker is not just easy to take from room to room – it also looks great in any of them.

Up to 7 hours play time

This reliable little speaker won't let you down when you need it. Fully charge with the included USB-C cable for up to 7 hours of continuous play time.

Bluetooth or TF card

Stream playlists from your mobile device via Bluetooth or play them directly from your TF card. Your favorite tunes sound rich and clear through this hardy little speaker. Bring your favorite sounds and cool mood lighting to any room in your house.
