- Strong magnet for hands-free use

#### **Handy and easy to operate**

- Small pocket lamp for everyday use
- Rechargeable lithium-ion battery

#### **Sturdy lamp for daily use**

- Robust, shock-resistant housing

# Highlights

## Bright, comfortable work light

Whether you're in your garage, completing some DIY or trying to fix an appliance, it's always handy to have a small lamp tucked into your pocket. Delivering a comfortable 300-lumen white beam (6000 K), the Philips Xperion 3000 Pocket lights up what you're working on, providing the clarity you need to get the job done quickly.

## Direct light where you need it

Need light from a different angle when you're working? No problem. Our Philips Xperion 3000 Pocket has a 180° pivoting base, so you can easily direct the light exactly where you need it most.

## 360° hook for hands-free use

When you need both hands free to work, hang the Philips Xperion 3000 Pocket nearby with its in-built 360° retractable rotating hook.

## Strong magnet

For hands-free use, a strong magnet is built into the pivoting base. This is particularly handy if you work with metal surfaces nearby, such as when

fixing a car engine or maintaining machinery.

Attach the magnet to the metal, then use the pivoting base to direct the light where you need it.

## Small, handy pocket lamp

Small and lightweight, the Philips Xperion 3000 Pocket easily fits into your pocket. Wherever you're working and whatever you're working on, this handy light will help you get the job done.

## 3.5 hours of battery life

Once fully charged, your Philips Xperion 3000 Pocket delivers up to 3.5 hours of constant, bright white light. So with occasional use, the lamp could last days before you need to charge the battery.

## Shock resistant

Even the most careful person sometimes drops things. That's why the Philips Xperion 3000 Pocket is designed with a robust housing, which means it will survive being dropped occasionally.

# Specifications

## Marketing specifications

**Product highlight:** Compact LED work lamp
