Highlights

1

The most convenient and affordable way to reduce Chlorine, Metals, Pesticides, Pharmaceuticals and Chemicals (PFAS) from your drinking water.

4.8L large volume water tank

Philips 20-cup offers optimal capacity with no wasted space, providing the same efficient volume. Perfect for big families.

Flip top lid for single-handed refill

Flip top lid for single-handed refill.

Turns tap water into crisp and pure tasting water

Proprietary activated carbon block filter. Reduces lead, chlorine, PFA (PFOA&PFOS) and over 50 other contaminants.

Prolongs the lifetime of kitchen appliances

Prolongs the lifetime of kitchen appliances by preventing limescale build-up.

Instant filtration with a simple touch

Fresh water enjoyed instantly, at the simple touch of a button.

Type-C USB rechargeable

Rechargeable with type C USB cable, each fully recharge last up to 1-month battery life.

Usage-based filter lifetime indicator

Dual filter-replacement signal system based on actual filtration volume and usage period.
