65 W GaN Output

SPN9180GA

Power your electronics safely

USB charging and surge protection.

Designed to perform and protect, this surge protector features 8 French sockets with advanced technologies to keep equipment safe from electrical surges. 2 m power cable, 4 USB (2 A + 2 C) charging ports with GaN technology, maximum 65 W output.

Simplicity

- Integrated automatic child safety outlets
- Worry-free protection indicators

Built-in convenience

- 8 outlets
- 2 m power cord
- Built-in cord management

USB Charging Power

- USB-A and USB-C charging port
- Wall charger with GaN technology

Pure Protection

- Power Blocker

Highlights

8 outlets

Converts one outlet into eight outlets, allowing you to plug in multiple devices from a single AC outlet.

2 m power cord

Provides power to the unit, which can be 2 m from the AC outlet.

Power Blocker

Automatically shuts down power to the connected devices.

USB-A and USB-C charging port

USB-A and USB-C charging port with total 2.4 A output.

Charger with GaN technology

Wall chargers that adopt GaN (Gallium Nitride) technology will use less electrical components with better heat performance. These compact chargers can provide more power with faster charging times, so they are capable of delivering power to modern laptops with USB-C connection.
