

PHILIPS

Surge protector

4 outlets

1800 J

2 m

SPN3140A

Worry-free protection for your valuable devices

Featuring 4 grounded French sockets with a 2 metre power cable. Designed to perform and protect your equipment from electrical surges. Automatically shuts down power to your system to protect against subsequent over-the-limit surges.

Simplicity

- Integrated automatic child safety outlets
- Worry-free protection indicators

Built-in convenience

- 2 m power cord
- Built-in cord management
- 4 outlets with protection

Pure Protection

- €100,000 equipment warranty
- Power Blocker
- 1800 joules of surge protection

Highlights

2 m power cord

Provides power to the unit, which can be 2 m from the AC outlet.

4 outlets with protection

Protects against surges/spikes through the AC lines by suppressing surge energy. The excess energy is clamped by the MOV when the unit is subjected to a surge event.

Power Blocker

Automatically shuts down power to the connected devices.

Cord Management

A cord management device that allows the cable/cords to be routed in the same direction for a more organised appearance

automatic child safety sockets

Helps keep children safe from accidental shock.

Protection indicators

LED lights let you know if your surge protector is functioning properly.

€100,000 equipment warranty

Protects your connected equipment for the life of the product.

1800 joules of surge protect

Protect your valuable electronic equipment from random voltage spikes that might be caused by lightning, motors or power generators etc.
