Philips Sonicare technology

Philips Sonicare's advanced sonic technology pulses water between teeth, and its brush strokes break up plaque and sweep it away for an exceptional daily clean.

Sonic technology

TongueCare+ is the only tongue cleaner with Philips Sonicare strength, to clean away bad-breath bacteria with every stroke. 31,000 vibrations per minute break up tongue debris, sweep away bad-breath bacteria, and drive the bacteria-killing ingredients of the Philips Sonicare BreathRx tongue spray deeper. Your tongue will feel cleaner and your breath will stay fresh longer.

QuadPacer and Smartimer

It takes just 2 minutes to thoroughly brush your teeth. Our QuadPacer lets you know when you've spent the optimal amount of time on each section of your mouth while our Smartimer signals when your total time is up. Together they help you reach your recommended brushing time, every time.
