4000 series

Wireless keyboard

SPK6407B/00

Highlights

Keystrokes for durability

Keys last millions of keystrokes for durability

2.4G wireless connection

Keep the computer wires at bay. For any keyboard/mouse equipped with this feature, you can connect the accessory to any PC via a speedy 2.4Hz wireless connection. The simple setup process, along with the accessory's sleek design, is sure to leave your workspace looking clean and wire-free.

Supports multi devices

Type-on-anything universal keyboard. This keyboard works for your computer, but also works with your smartphone or tablet.

Laser engraved keys

Laser-engraved keys look great, are easy to read and last longer. A premium choice.

multi-media shortcuts

With these multi-media shortcuts, you can easily switch to music, volume, or video play by a simple click.

Multi-OS compatibility

Compatible with iOS, MAC, and Windows, you can easily switch among them via shortcuts.

Intelligent power saving

With the intelligent power saving function, this keyboard can go into standby and therefore save power when not in use.

Low-profile keys

The low-profile keys add a stylish look and are quick and responsive for typing.
