Image technology

- LED light source
- Up to 65" screen size

Image freedom

- HD 720p
- 180 degree rotative stand

Highlights

LED light source

The high-quality LED light system delivers rich, vivid colours that last up to 30,000 hours. With an average use of 4 hours per day, this projector will last for up to 20 years.

Integrated speakers

Immerse yourself in outstanding sound quality with the audio system, featuring two speakers for a truly exceptional audio experience. Need a bigger sound? The 3.5 mm jack output is there to connect your earphones or external speakers.

Wireless screen mirroring

Connect your mobile devices such as tablets, smartphones or even computers wirelessly to mirror and share your contents. With the Dual band (2.4 and 5 GHz), your connection will get even more stable and faster for smoother playback.

Up to 65" screen size

Enjoy your favourite films, shows and more on a stunning projection of up to 65 inches (165 cm) —delivering crisp visuals and rich detail for a truly immersive viewing experience.

HD 720p

Bring your entertainment to life with True HD 720p resolution. Enjoy razor-sharp images, deep contrast and crystal-clear text for an unforgettable viewing experience.

180 degree rotative stand

Break free from traditional viewing with its innovative 180 degree rotating stand. This feature invites you to redefine the boundaries of your entertainment.
