Nozzles for Compact Flosser

HX3072/00

Gentle yet effective plaque removal

Removes up to 99.9% of plaque in treated areas*

Experience fast and effective flossing with these nozzles for the Philips Sonicare Compact Flosser. The Standard nozzle gives a powerful clean between teeth. While the Comfort nozzle, with its soft tip, has been designed for sensitive gums.

Removes up to 99.9% plaque in treated areas*

- Thorough everyday flossing
- Flossing for sensitive teeth and gums

The easy way to start flossing

- Designed for everyday ease
- Compatibility

Nozzles for Compact Flosser

Standard and Comfort

HX3072/00

Highlights

N1 Standard nozzle

The N1 Standard nozzle is ideal for an all-round everyday clean, effectively removing plaque and debris from between your teeth.

N2 Comfort nozzle

The N2 Comfort nozzle has a soft tip that's specially designed for use on sensitive teeth and gums without compromising on plaque removal.

Easy to use

It couldn't be easier to switch or replace nozzles when you want to. All it takes is a quick click on or off. To ensure good hygiene, replace the flosser's nozzles every six months.

Compatibility

Fits the Philips Sonicare Compact Flosser only. This is not compatible with other Philips Sonicare Power Flossers.
