Healthy steaming

- Unique way of steaming to retain nutrients

Prepares baby meals for every weaning stage

- From pureed to chunky, for every step of the way

Find inspiration via the online recipe book

- Tasty weaning recipes

Highlights

Unique steam technology

Steaming is a healthy way of cooking. Our unique technology lets the steam circulate upwards from the bottom, making sure all the ingredients are evenly cooked without boiling. Goodness, texture and the cooking liquids are retained for blending.

Steam, flip and blend

You'll find everything you need to make nutritious baby food in a single jar. Once your ingredients are steamed, all you have to do is lift the jar, flip it over and lock it in place, so you can blend to your desired consistency.

Food for every weaning stage

From very finely blended fruit and vegetables to combining meat, fish and pulse ingredients and finally offering chunkier textures. Our 4-in-1 healthy baby food maker supports you every step of the way.

Unique 4-in-1 design

The 4-in-1 healthy baby food maker enables you to prepare nutritious homemade meals, all in the same jar. You can serve the food immediately or store it in the container included, and reheat it later on with the easy-to-use reheating and defrosting functions.

Tasty and nutritious recipes

Be inspired by our online recipe book. Find nutritious and easy-to-prepare recipes that follow along with your baby as they're growing. Read step-by-step cooking guides and find many useful tips and tricks to help make weaning as smooth as possible.

Multiple meals in one go

The 4-in-1 healthy baby food maker also helps you save precious time and plan ahead. The jar has a 1000-ml capacity, so you can cook up to four meals at one time. Serve one meal and store three in your fridge or freezer for later.

Easy to clean

Even when you've finished cooking your meals, the 4-in-1 healthy baby food maker is very practical. The jar and blade are dishwasher safe, and with its open design, the water tank is easy to clean and refill, allowing you to cook with clean steam, every time.

Beeps when ready

No need to wait or watch. A distinctive beep will tell you when the food is cooked to perfection. All you need to do is flip the jar, blend and serve or store for later use.
