## Crisp and pure-tasting water

straight from the tap

Enjoy crisp and pure-tasting water whenever you turn on the tap, with the Philips X-Guard Ultra filtration system reducing chlorine, lead, bacteria and more. Easy one-click installation allows it to be fitted to your tap in seconds.

### Build for your convenience

- Indicator tells the filter lifetime usage
- Easily switch among different modes
- Quick twist design for easy filter replacement
- One-click installation — no need for a plumber
- Effectively reduces chlorine, lead, bacteria and more
- Delicious water at a fraction of the cost of bottled water

# Highlights

**Indicator tells the filter lifetime usage**

Digital filter lifetime display gives the user a reminder for on-time filter replacement

**Easily switch among different modes**

Filtered stream water is tailored for drinking and cooking, while unfiltered stream and unfiltered shower modes are suitable for washing dishes and other cleaning purposes.

**Quick twist design for easy filter replacement**

Effortlessly replace the expired filter with a new one with a simple twist.

**One-click installation — no need for a plumber**

After the correct adapter has been installed, simply attach the filter to the tap, release and you are good to go!

**Effectively reduces chlorine, lead, bacteria and more**

By adopting the innovative activated carbon-fibre and hollow-fibre membrane, this X-Guard Ultra filter effectively reduces chlorine, lead, pesticides, microplastics and particles down to 0.1 micron. It also filters up to 99.99% of bacteria.

**Delicious water at a fraction of the cost of bottled water**

Great-tasting water at a fraction of the cost and waste of bottled water.

# Specifications

**Filter specifications**
