## Highlights

### Indicator tells the filter lifetime usage

Digital filter lifetime display reminds on-time filter replacement

### Easily switch among different modes

Filtered stream water is tailored for drinking and cooking, while unfiltered stream and unfiltered shower modes are suitable for washing dishes and other cleaning purposes.

### Quick twist design for easy filter replacement

Effortlessly replace the expired filter with a new one with a simple twist.

### One-click installation — no need for a plumber

After the correct adapter has been installed, simply attach the filter to the tap, release and you are good to go!

### Effectively reduces chlorine, lead, bacteria and m

By adopting the innovative activated carbon-fibre and hollow-fibre membrane, this X-Guard Ultra filter effectively reduces chlorine, lead, pesticides, microplastics and particles down to 0.1 micron. It also filters up to 99.99% of bacteria.

### Delicious water at a fraction of the cost of bottl

Great-tasting water at a fraction of the cost and waste of bottled water.
