Immersive 4K QLED Gaming Experience

144Hz Ultra HD Gaming TV

Unleash your game with our 4K Gaming TV – where stunning visuals meet ultra-smooth refresh rates. With settings optimized for gameplay out of the box, simply plug in your TV and fire up your favorite game for the ultimate gaming experience.

Unleash your game

- 144Hz native refresh rate allows for ultra-smooth gaming
- 4K QLED display allows for a greater color range and depth
- HDR10 brings your content to life with realism and detail

Your Entertainment Destination

- Google TV brings together movies, shows, live TV and more
- Hands free voice control with Google Assistant
- Dolby Vision and Atmos for a cinematic experience at home
- Smarter picture adjusts every frame to your environment
- Bluetooth® enabled with 802.11 AC for a wireless world

Play like a Pro

- Faster panel reduces image smearing for greater details
- Low input lag means faster action and better gaming results
- AMD FreeSync™ Premium enables seamless, tear-free gaming
- Settings optimized for enhanced gaming right out of the box

Highlights

144Hz Native Refresh rate

Our high-speed 144Hz native refresh rate reduces stuttering and flickering, for an ultra-smooth gaming experience. Perfect for fast-paced games.

Fast Response Panel

Stay victorious in your favorite games with a faster response rate panel. Enjoy less smearing in gaming sessions so you don't miss a moment of the action.

Hands free voice control

Use your voice to easily find movies, shows, music, control your TV, and smart home devices completely handsfree.

QLED Display

Experience a wider range of color, contrast and brightness output with quantum dot technology, bringing your movies even closer to reality.

ALLM Game Mode

Game Mode automatically selects settings for the lowest input lag so you experience the best gaming performance.

Dolby Vision and Dolby Atmos

Dolby Vision and Atmos unlocks greater detail and encompassing surround sound, for an immersive visual and audio cinematic experience at home.

HDR 10 support

HDR10 support offers the most immersive visual experience with greater shadow detail and contrast to bring your gaming world and videos to life.

AMD FreeSync™ Premium

AMD FreeSync Premium allows fluid tear-free gaming in all resolutions so you can enjoy 4K UHD games with high detail and clarity.

Picture perfect in any light

Built-in sensors adjust every frame to match your room's lighting, delivering vibrant color and perfect detail in any environment.
