Compatibility

Smartphone/tablet APP control: No

Power

Battery Capacity: 7.4V, 4500mAh
 Battery type: Lithium-ion (built-in)
 Input: 5~20V, 2~3A (Fast charging)
 Power supply: 100-240VAC, 50/60Hz
 Operating time on battery: 15 hour(s)
 Output: 5~20V, 2~3A (Fast charging)
 Charging time: ***6 hour(s)
 Power bank: Yes, integrated

Packaging dimensions

Height: 34 cm
 Packaging type: Box
 Width: 51.3 cm
 Depth: 23.1 cm
 Number of products included: 1
 Gross weight: 6.6 kg
 Nett weight: 5.3 kg
 Tare weight: 1.3 kg

Product dimensions

Height: 25.4 cm
 Width: 46.5 cm
 Depth: 19.2 cm
 Weight: 5.15 kg

Accessories

Included accessories: carrying strap, Quick start guide, Warranty certificate, 3.5mm stereo line in cable
 Cable: USB charging cable

Highlights

Big sound

From parks to campsites—bring the music you love wherever you go! Two 115 mm woofers and two tweeters give you big, clear sound, and this speaker looks awesome too. Want to rock even harder? Pair two speakers for party-starting stereo.

IP66 dust/water protection*

From the trail to the beach—an IP66 rating ensures this speaker can go anywhere*. The detachable lanyard makes carrying easy, and a Bluetooth range of up to 25 m means you won't miss a beat. Even if your phone is a long way from the speaker.

15 hours play time**

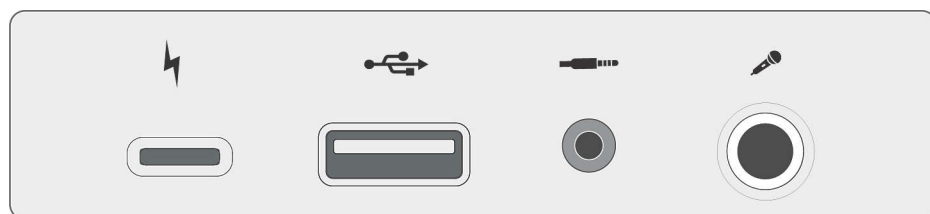

Cranking up the tunes? This speaker can keep going as long as you can. You get up to 15 hours of play time from a fully charged speaker, and the power bank function lets you charge connected devices without stopping the music.

Bluetooth, audio-in, USB, Mic-in

Stream playlists via Bluetooth, plug in a device via audio-in or take music directly from a USB stick. A microphone input (6.3 mm) lets you take the party up a notch.

Easy control

Buttons on the speaker's outer case let you control volume, music playback, stereo pairing, and Bluetooth.

* The IP66 rating means the product is dust tight and safe from heavy rains and powerful water jets.

** 15 hours battery play time is only a reference and may vary depending on music content and battery aging after numerous charging and discharging cycles. It's achievable with a predefined music source, light show and BASS+ switched off, volume level at 8 and Bluetooth streaming source.

*** In speaker-off mode, a full charge takes around 2.5 hours via a fast charger and 6 hours via a normal charger.
