bottle giftset

2 Bottles

4 oz and 8 oz

0 m+ and 1 m+

SCD304

The most natural way to bottle feed

Natural latch on

Our new bottle with the skin-soft teat material and flexible spiral design, more closely resembles the breast. The comfort petals and natural teat shape allow for natural latch on and make it easy to combine breast and bottle feeding.

Easy to combine breast and bottle feeding

- Natural latch on due to the wide breast-shaped teat
- Skin-soft teat designed for a natural feed
- Flexible spiral design combined with comfort petals

Vents air away from your baby's tummy

- Unique anti-colic valve technology

Other benefits

- Compatible with the Philips Avent Natural range
- Ergonomic shape for maximum comfort
- Simple to use and clean, quick and easy assembly
- Designed for your baby's changing needs

Pure and safe

- Heat resistance
- This bottle is BPA free*

Highlights

Heat resistance

The Natural glass bottle is heat- and thermal shock-resistant. It can therefore be safely stored in the fridge and warmed, and is also suitable for sterilisation.

This bottle is BPA free*

The Philips Avent Natural bottle is made of BPA-free* material (polypropylene).

Natural latch on

The wide, breast-shaped teat promotes natural latch-on similar to the breast. Designed to give a more comfortable and contented feed for your baby.

Skin-soft teat

The skin-soft teat material closely resembles the feeling of the breast, making it easy for your baby to combine breast and bottle feeding.

Flexible spiral teat design

The spiral design, combined with our comfort petals inside the teat, increases softness and the flexibility, allowing natural tongue movement without teat collapse. Designed to give your baby a more comfortable and contented feeding.

Anti-colic valve technology

Reduces fussing and discomfort by venting air out of the bottle and not into your baby's tummy.

Baby's changing needs

We offer a range of 7 different teats for every development stage of your baby. They have different levels of teat softness, flexibility and

design, and increasing flow rates and bottle sizes that keep up with your baby's growth and development.

Ergonomic shape

Due to its unique shape, the bottle is easy to hold and grip in any direction for maximum comfort, even for baby's tiny hands.

Compatibility across the range

The new Philips Avent Natural bottle is compatible with the Philips Avent range, excluding Classic bottles and cup handles. We advise using the Natural bottles with Natural feeding teats only.

Simple to use and clean

Wide bottle neck makes filling and cleaning easy. Only a few parts for quick and simple assembly.
