Comfortable and convenient

- Stable Bluetooth® connection and easy pairing
- Quick charge for 10 minutes and get an extra hour

Ready for you

- Comfy fit and customizable on-ear touch controls
- Warm, natural sound. Philips sound signature

Highlights

Noise Canceling

Noise canceling quiets external noise, including wind, so you can focus on your tunes or calls. Want to hear more of what's going on around you? Tap an earbud to activate Awareness Mode.

Great sound. Dynamic Bass

These true wireless earbuds might be small, but you won't need to turn up the volume to get the best sound out of their 10 mm drivers. Activate Dynamic Bass via the earbud controls, or the Philips Headphones app, and you can enjoy the full power of your favorite basslines even if listening quietly.

31 hrs play time (7 + 24.5)

You get 7 hours play time from a full charge, and an extra 24.5 hours from the case. Pop the earbuds back in the charging case and they'll recharge fully in 1.5 hours. If you need a quick boost, just 10 minutes gives you an extra hour,

and Mono mode lets you use either earbud while the other one charges. The case can be charged via USB-C.

Bluetooth® 5.4 multipoint

Bluetooth® 5.4 brings you a steadier connection for seamless streaming without annoying dips in the sound.

Comfy fit and touch controls

The ear tips rest gently but securely in your ear canal and interchangeable silicone ear-tip covers let you find your perfect fit. Touch controls on the earbuds keep things simple.

Philips sound signature

Music to podcasts, you'll love what you hear! These true wireless earbuds feature large drivers tuned to the Philips sound signature. Whatever you're into, you'll enjoy a warm, natural sound with deep bass.
