- Whiten and polish your teeth
- Next-Generation Sonicare Technology
- Help protect your gums with pressure sensor

Series 6500

Rechargeable toothbrush

HX7410/10

Highlights

Whiten and brighten

Deep cleaning needs a special approach and this C3 Premium Plaque Control brush head uses a cluster of dense, stiff bristles at its center in pentagonal shape to whiten and polish your teeth. It also removes up to 10x more plaque than a manual toothbrush.

Next-Generation Sonicare Technology

This electric toothbrush uses our Next-Generation Sonicare Technology which delivers our most reliable and consistent brushing for excellent results every time. The motor adjusts power automatically so there is zero drop in performance when you reach those harder-to-clean areas. Enjoy a gentle yet effective clean for your teeth and gums with 62,000 bristle

movements per minute. Sonicare Fluid Action supports the bristles to clean by driving fluid deep between teeth and along the gumline.

Visual pressure sensor

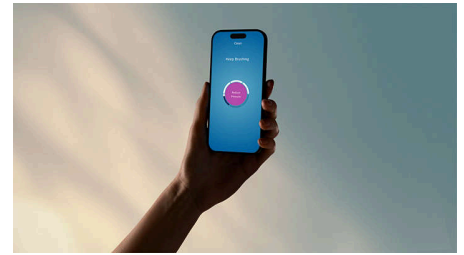

This Sonicare electric toothbrush has a light ring at its base that gently lets you know if you're overdoing the pressure. Simply ease off when it lights up and your gums will stay protected.

Modes & Intensities

Give your clean a boost with 9 brushing settings. Whether you want a little more vigor or a specific focus for your clean, you can have it. Choose between Clean, Sensitive and White mode. Pick one of three intensity settings.

Philips Sonicare app

Achieve your oral-health care goals with the Sonicare toothbrush and app. The two pair seamlessly to deliver guided brushing, tips and tricks, and content personalized to you. Together, you are unstoppable.

Travel case

Our travel case allows you to take your device on the go. It is strong enough to keep your Sonicare toothbrush safe, yet compact enough to slip into any bag, making it the perfect travel companion.

Series 6500

Rechargeable toothbrush

HX7410/10

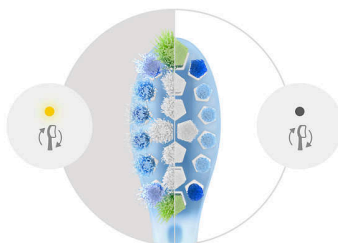

Highlights

SmartTimer & BrushPacer

Ace your session time with Sonicare's cleaning timers. Every 20 seconds, the BrushPacer will prompt you to clean a new area. After 2 minutes, the SmartTimer will indicate your session is complete.

Replacement reminder

Did you know brush heads become less effective after three months? Dental professionals recommend changing your brush head regularly, that's why Philips Sonicare toothbrushes have brush head replacement reminder. It tracks how

often and how hard you brush, then reminds you to replace your brush head once it's time for a new one.

21-day battery life

Experience up to 21 days of regular brushing after a single charge. Bringing a new level of convenience to your brushing routine.
