Made with environmentally friendly materials

- Compact and classic stereo design
- GRS-certified recycled plastic. Responsible packaging
- Main unit dimensions: 220x105x231 mm
- Speaker dimensions: 148x240x203 mm

Highlights

Powerful sound

Get lost in music! Bookshelf-style 2-way speakers give you rich, immersive stereo sound from 4" woofers, 0.75" tweeters, and bass-reflex ports. The system's powerful 80 W (RMS) output lets you pump up the volume for a party or a larger room. Perfect for big lounges and open-plan living spaces.

All your music

Music, podcasts, news, dramas, sports—the list is endless! You can stream your sounds via Bluetooth®, tune in to FM radio, or connect to other sources like flash drives via USB or turntables via audio-in. The digital radio tuner

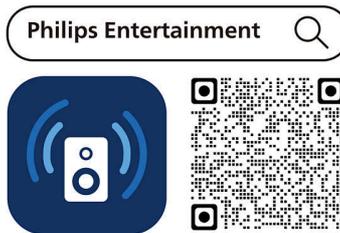

with 20 presets delivers crystal-clear reception, and the CD player can read MP3 CDs and recorded CDs.

Bluetooth® 5.4 and Auracast™

Support for Auracast™ lets you broadcast the sound from this micro system to multiple Auracast™ compatible speakers around the house. Plus, Bluetooth® LE Audio and the LC3 codec are supported so you'll enjoy noticeably better sound when streaming sounds from your smart device to the micro system.

Philips Entertainment app

Got wide-ranging tastes? You won't even have to get out of your chair to get the best sound for what you're listening to! Download our

companion app and you can use your smart device to select preset sound styles from the Digital Sound Control menu, switch between sources, and more.

Classic design

With its subtly two-toned central unit and speaker cabinets, this handsome micro system recalls the design of classic hi-fi separates. The compact build makes the system easy to position in your home, and there are buttons on the front of the unit for playback and source selection.

Recycled materials

We use post-consumer recycled plastics in this product and our packaging is plastic-free. Inserts are printed on recycled paper with soy-based ink, and the packaging itself is made from FSC-certified recycled cardboard.
