- Duck tongue foldable and enlarged canopy

Forward & Reverse, One-Hand Fold

- Grab & Go in Seconds
- 5-Point Magnetic Safety Buckle

PORTO

High landscape and reversible stroller

Highlights

Forward & Reverse, One-Hand Fold

Fold and lift with one move-effortless folding freedom.

EN-1888 EU new regulation

Has passed the strict standard test of EN-1888 newly promulgated by the European Union for baby strollers, and the quality and performance can be assured.

Reversible seat

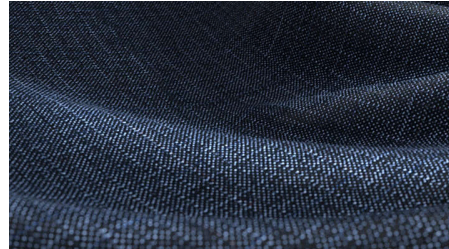

Memory foam high-elastic integrated full-wrapped seat, forward viewing mode, backward parent-child interaction mode, and two-way adjustment more convenient.

5-Point Magnetic Safety Buckle

Securely Fastens from All Angles. Prevents Baby from Slipping When Sitting or Lying Down

OEKO-TEX certified fabric

Select authoritative certified textile ecological fabrics, and test various harmful substances to ensure the health and harmlessness of textiles, making babies more comfortable and parents more assured.

Enlarged canopy

The canopy is made of high-grade finely woven UV-resistant fabric, which can be adjusted in four levels, and the front duck tongue can be folded inward.
