# Highlights

## Noise Cancelling

Noise cancelling quietens external noise, including wind, so you can focus on your tunes or calls. Want to hear more of what's going on around you? Tap an earbud to activate Awareness Mode.

## Great sound. Dynamic Bass

These true wireless earbuds sound great, and you won't need to turn up the volume to get the best out of their 10 mm drivers. Activate Dynamic Bass via the left earbud and you can enjoy the full power of your favourite basslines even if listening quietly.

## Clear calls

Your voice will come through clearly when you're on a call. One AI mic picks up the sound of your voice while a noise-reduction algorithm quietens some of the background noise from the world around you.

## 20 hours of play time with the case

You get 6 hours of play time from a full charge, and an extra 14 hours from the case with noise cancelling off. Pop the earbuds back in the case and they'll recharge fully in 2 hours. If you need a quick boost, just 15 minutes gives you an extra hour. The case can be charged via USB-C.

## IPX4 splash/sweat resistant

Never mind the weather, an IPX4 rating means these earbuds are splash resistant so they don't mind a little rain! Wearing them on a particularly hot day? They won't mind a little sweat either.

## Multipoint and touch controls

Touch controls on the earbud stalks keep things simple, and multipoint lets you connect to two Bluetooth devices (iOS or Android) at the same time.

## Pocket-sized charging case

Head out with the small charging case in your pocket and your earbuds will always be ready for you. They'll stay protected and keep charging when you're not using them, and mono mode means that you can use either earbud while the other one charges.

## Philips sound signature

The custom drivers in these headphones are tuned to the Philips sound signature, which brings you warm, natural sound with deep bass. Whatever you're listening to, you'll love what you hear.

## Recycled materials

We use post-consumer recycled plastics in our products, and our packaging is made from FSC-certified recycled cardboard with inserts printed on recycled paper.
