Highlights

15 mm speaker driver

Compact for wearing comfort, yet big enough to deliver crisp, powerful sound, the 15 mm speaker driver is the perfect size for non-distorted listening enjoyment.

Secure and comfortable ear-hook design

The ear hook stays put behind your ear even when you're on the move, keeping the earphone comfortably in place and sounding great. The ear hook is the part that is in contact with the back of your ears and keeps the headphones on your ears.

Extremely durable

You can be sure that the product will have an extra-long life thanks to its design, which allows it to withstand knocks and rough use, and the fact that it is made from strong materials.

3.5 mm stereo plug

Reliable plug-and-play compatibility with smartphones, tablets, laptops, and any standard audio jack. The 1.2m cable offers the perfect length for everyday use, providing ample freedom of movement whether your device is in your pocket, bag, or on a desk, reducing tangles and strain.
