Massage Gun

MASSAGE GUN

High-performance motor drives

8mm stroke + 8kg thrust

Fixed frequency & inverter mode

3 customized massage heads

PPM7324GY

Fixed-variable dual-frequency, vibration direct

Deeply penetrate the muscle groups

High-performance motor drive, 8mm stroke + 8kg thrust, fixed-frequency x inverter dual-mode, 3 customized massage heads, one-touch control, multi-color aperture prompts

High performance motors

- Adopting high performance speed motor, 8MM stroke.
- 8kg high thrust, stable and long-lasting power output

Multiple massage modes to choose from

- Fixed frequency x inverter dual mode x 5 gears to choose from
- 2500mAh large capacity battery
- Intelligent pressure-sensitive inverter adaptive at any time

Customized design

- Brushed metal body
- Simple handling and clear gears
- Tip massage head, ball massage head, large surface multi-point

MASSAGE GUN

Massge Gun

PPM7324GY/97

Highlights

Fixed frequency x inverter dual mode x 5 gears to

Fixed frequency + inverter dual mode, 4+1 gears adjustable, whether it is before and after exercise recovery or daily massage, you can find your own suitable frequency.

130min long battery life

Built-in 2500mAh high-capacity battery provides you with long-lasting surging power. Equipped with Type-C quick charging interface, charging once, can be used for about 8 days. Intelligent timed massage 15min per day, deep impact tight muscle groups, the state immediately back to full!

Brushed metal texture

The frosted metal body design provides you with a comfortable grip, plus the one-piece "T" shock-absorbing, non-slip handle design provides a comfortable grip and fits in the palm of your hand.

8mm stroke

The 8mm stroke penetrates the muscle groups layer by layer, giving you a comfortable experience that hits the deeper layers of the body.

One-touch control x add light ring alert

The whole body is controlled by only one button, the overall control is simple, fast and easy to get started, the thoughtful addition of a colorful light ring prompts, each gear with different ambient light, cut gear clear, clear at a glance.

Intelligent pressure-sensitive inverter

Variable frequency mode, giving you multiple massage experience

8kg high thrust

8kg of high thrust instantly bursts 8kg of powerful thrust, allowing you to instantly relax your tight muscles after exercise.

3 customized massage heads

For each part of the body force characteristics, the intimate configuration of the 3 big massage head, for you to take good care of each muscle group, in the 5 gears of massage strength impact deep muscle, to give you enjoy every relaxation!

Specifications

General specifications

Net weight: 0.71kg

Product Dimension (LxWxH): 160x58x203 mm

Main materials: ABS plastic

Color: glory

Packaging Dimension(L)*(W)*(H):

246*232*68 mm

Quantity of massage heads: 3

Main parameters

Working voltage: 7.4V

Massage amplitude: 8mm

Working power: 33W

Massage frequency: 3200rpm

Maximum thrust: 8kg

Charging current: 2 A

Charging port: TYPE-C

Charging voltage: DC 5V

Country of origin

Made in: China

Service

Warranty period: 2 years
