Reverse Osmosis purification

Aquaporin Inside™ RO Filter Cartridge

AUT620R400/79

Highlights

Aquaporin Inside

Harnessing the power of nature, the biomimetic reverse osmosis membrane incorporates aquaporin proteins to replicate nature's own water filtration process and filters water faster and better than ever before. The filtration system

can effectively remove 110 kinds of harmful substances down to 0.0001 micron*, providing you and your family with clean and fresh-tasting water.

Specifications

Filtration performance

Chlorine reduction
Microplastics reduction
Bacteria removal
Pesticides reduction
Bacteria reduction
VOC reduction
Viruses reduction
PFOA reduction
Heavy metals reduction
