

Important safety information
TorqMax Sheath Grip Accessory

Indications for Use

The TorqMax Sheath Grip Accessory is intended for use in providing ergonomic grip on outer support sheaths, dilator sheaths, and Spectranetics laser sheaths.

Contraindications

None known.

See complete IFU for more information before attempting use of TorqMax.

Potential Adverse Events

Refer to the "Instructions for Use" of the sheath to be used for adverse event information.

Caution: Federal law restricts this device to sale by or on the order of a physician.
