Specifications

General specifications

Colour: Blue

Product dimensions: 243 x 162 x 145 mm mm

Net weight: 0.97 kg

Body part to use: Both knees

Functional Components: 2 vibration motor, heating film

Main parameters

Temperature of heating: 50/52 °C

Battery: 3000 mAh

Charging port: type-C

Charging Voltage: 5 V

Charging Current: 2A

Operating Power: 10 W

Operating Voltage: DC 3.7 V

Country of origin

Made in: China

Service

Warranty period: 2 years
