Notwithstanding the foregoing, Upgrades do not include new products, platform, modules or extensions for which Philips elects to charge separately; provided however, such Upgrades have a substantial change from the previous major version with respect to product feature(s) or underlying technology. New optional licensable software may be available for additional software and services fees and shall not include Software changes with a version change in the first or second number in the series.

2. License Term and Limitations.

- 2.1 Capital Model entitles Customer to a perpetual license to an EI Software and Services Solution, subject to the license provisions in the Conditions of Sale and any usage limitations set forth on the Quotation, as well this Schedule.
- 2.2 Term License Model with Separate Maintenance and Support Purchase Option. Under this sale model, each EI

The license to an EI Software Solution shall expire upon the final anniversary date of the License Commencement Date based on the number of years in the Term License, unless customer renews the license term prior thereto. In the event Customer elects to purchase maintenance and support services for a post warranty period, such maintenance and support services shall be provided under the terms of this Conditions of Sale, including Schedule 21-A, as applicable; provided that, Customer issues a purchase order with a separate line item listing the post warranty maintenance and support purchase per the Philips post warranty service Quotation.

- 2.3 Solution Subscription Option. Under the solution subscription service model, commencing upon the License Commencement Date, Customer receives an annual subscription license for the number of years set forth on the Quotation (“Subscription License Term”), and the maintenance and support set forth in Schedule 21-A and any supplemental schedules, as applicable, affixed to this Schedule for the entire Subscription License Term for one annual fee (“EI Software and Services Solutions Subscription Option”). Under the solution subscription service model with automatic renewal (“Solution Subscription with Auto-Renewal Option”), commencing upon the License Commencement Date, Customer receives an annual subscription license for the number of years set forth on the Quotation (“Subscription License Term”), and the maintenance and support set forth in Schedule 21-A and any supplemental schedules, as applicable, affixed to this Schedule for the entire Subscription License Term, subject to payment of one annual fee. Thereafter, the then current Subscription License Term shall automatically renew for subsequent one-year periods (“Subsequent Subscription License Term(s)”) (i) unless a Party has given the other Party written notice of termination at least 60 days prior to the end of the Subscription License Term or any applicable Subsequent Subscription License Term or (ii) unless earlier terminated by either Party for the other party’s uncured material breach of this Agreement. Philips reserves the right to adjust the annual fee for any Subsequent Subscription License Term to the current pricing in effect at the time of renewal. Philips shall give 90 days’ notice prior to the end of (i) the Subscription License Term or any (ii) Subsequent Subscription License Term before implementing any adjustment to pricing.
- 2.4.1 “Flex Premium” under a Solution Subscription with Auto-Renewal Option: Under the Flex Premium coverage option, Customer has the right to terminate the Solution Subscription with Auto-Renewal Option by providing Philips with a written notice of termination 60 days prior to the end of each contractual license year during the Subscription License Term. Customer will not be eligible for any refund of fees already paid. Flex Premium cannot be used for the first year of the Subscription License Term.
- 2.4.2 Subject to the Maximum Permissible Subscription Decrease below, the Solution Subscription with Auto-Renewal Option also permits Customer to decrease the number of users and/or optional software features during Subscription License Term or any Subsequent Subscription License Term with 60 days’ written notice to Philips prior to the end of each contractual license year, provided that, such notice shall not be effective until the next subscription license annual year. Therefore, Customer will not be eligible for any refund of fees for the annual period of the Subscription License Term or Subsequent Subscription License Term in effect at the time of such written notice. All modifications will go into effect upon the expiration of such annual period that written notice was delivered. In all cases and notwithstanding any contrary under this Subsection 2.4.2, Customer will not be eligible for any decrease that results in a reduction of fifty percent (50%) or more of (i) the current annual fee applicable at the time written notice was delivered by Customer or (ii) the annual fee payable for the first year, whichever is higher.(collectively (i)-(ii) the “Maximum Permissible Subscription Decrease”)
- 2.4.3 The Solution Subscription with Auto-Renewal Option also permits Customer to increase the number of users and/or optional software features during Subscription License Term or any Subsequent Subscription License Term at any time after prior notification to Philips, with immediate effect. The annual fee shall be adjusted accordingly and an applicable invoice for such increase shall be issued by Philips and promptly paid by

Customer.

The warranties set forth in Section 4 in the Conditions of Sale shall apply to sales of the EI Software and Services Solutions purchased under Sections 2.1-2.4 of this Schedule. Warranty exclusions set forth in Section 4.7 of the Conditions of Sale also apply to Support Services hereunder. The conditions that resulted in the exclusion of Product warranty coverage, set forth in Section 4.7, shall also apply to any service provided during an in-warranty or post-warranty coverage period.
- 2.6 All licenses are subject to a limited number of sites (by physical address), users, connections and study or exam volume set forth in the Quotation. In all cases a "Site" shall mean a unique physical street address for imaging equipment that has usage information sent to or pulled by the EI Software and Services Solutions Licensed Software and "Users" shall mean the number of named users that are employees or contract temporary employees by the Customer legal entity expressly set forth on the Quotation and/or Statement of Work. Customer shall have the right to replace a User with a different named User at no additional charge; provided that, the User being replaced is permanently no longer using the EI Software and Services Solutions Licensed Software to benefit Customer.
- 2.7 Prior to the assignment of any licenses, including an assignment pursuant to a purchase of substantially all of Customer's assets, organic growth or expansion plans, Customer will provide Philips with written notice along with reasonable data to determine how such events will impact the licensing limitations applicable to each License. These events may require Customer to purchase additional Licenses to address a change in the number of Users, Sites, connections and Annual Exam Volume prior to the use of EI Software and Services Solutions Licensed Software for such events.
- 2.8 Subject to fulfillment of any payment obligations by Customer arising from the use of the EI Software and Services Solutions Licensed Software, Philips grants Customer the applicable license under the model quoted. All EI Software and Services Solutions licenses are, non-exclusive, non-transferable and subject to compliance with the usage, rights and restrictions set forth herein and solution description on the Quotation.
- 2.9 Termination. Customer may terminate this Agreement upon 60 days written notice to Philips specifically describing a material breach or default of this Agreement by Philips, provided however that Philips may avoid such termination by curing the condition of breach or default within such 60 days' notice period. Philips may terminate this Agreement, if Customer defaults in the performance of any of its obligations under this Agreement, and fails to remedy the same within 30 days of a written notice; as described in Section 3.1 (Billing).
- 2.10 Termination Fees. The sales models offered by Philips under Sections 2.1-2.4 are non-cancellable for their full term set forth in the Quotation ("Term"), except as otherwise provided in this Schedule for Flex Premium license purchases. Each Quotation will commence on its respective effective date and thereafter will remain in effect for the entire Term stated therein. Accordingly, in the event Customer provides written termination notice other than for Philips' uncured material breach, or if Customer is in material breach of its obligations arising therefrom and Philips terminates the Agreement for such models, Customer shall promptly pay Philips all charges for the EI Software and Services Solutions provided through the date of termination plus a "Termination Charge" equal to the fees that Philips would have been entitled to receive for the balance of the Term for such licenses, maintenance and support purchased, and/or subscription period. The parties agree that all fees were negotiated based upon Customer's commitment to the full Term. Philips' damages in the event that the Term is terminated early would be difficult or impossible to ascertain. The Termination Charge is intended, therefore, to establish liquidated damages in the event of termination and is not intended as a penalty.

All installations of software purchased under this Schedule shall commence upon mutual agreeable schedule set forth in the Statement of Work, Quotation, or project plan ("Installation Commencement Period").
