TAB5201

Rich, enhanced stereo that complements your TV

Elevate your home entertainment system with a soundbar that delivers clear sound. With connectivity to multiple audio sources, this soundbar offers good value for money and is a great companion to your Philips TV.

Precision sound that surrounds you

- 2.0 channels. 160 W max
- Intellisound delivers sound clarity
- Dolby Digital Plus. Cinematic sound at home
- DTS Virtual:X for immersive 3D sound in any room

Connectivity at a snap

- Better stability and synchronisation via Bluetooth LE (5.4)
- Seamless connectivity with HDMI ARC
- Control with Philips EasyLink 3.0
- Philips Entertainment app

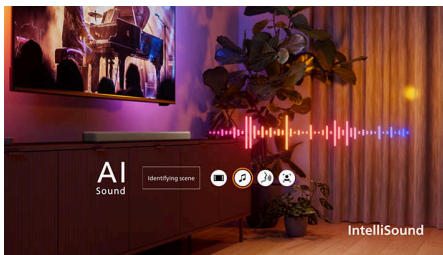

Highlights

Sound that's rich and clear

Clear sound experienced through 2.0 channels delivers clarity in audio, while a value-for-money price point makes it perfect for customers who are new to soundbars.

Intellisound in your space

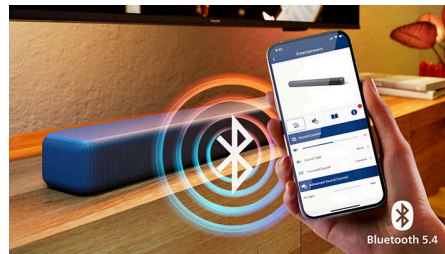

With AI-optimised sound, enjoy audio modes that automatically change with what you're watching or listening to. Experience this game changer that enhances the soundscape to pull you deeper into every moment.

For a room filled with sound

Adding surround immersion with Dolby Digital Plus, DTS:X and DTS Virtual:X, rich stereo sound and clarity are enhanced for true enjoyment in the comfort of your home. You'll enjoy films, games and music the way they're meant to be heard.

Less lag, enhanced stability

Audio stability is ensured with Bluetooth LE (5.4) on this soundbar, which not only delivers sound effectively from your devices, but also utilises lower energy so you can seamlessly stream all audio without cables or fuss.

Expanded sound possibilities

Sync up to other devices seamlessly and expand your audio possibilities with versatile HDMI ARC. A single cable enables your space to remain

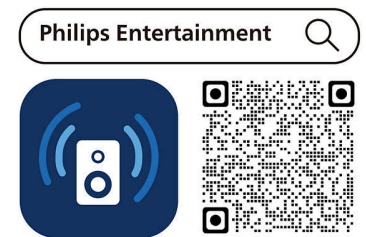

clutter-free, while connectivity can also be extended through support for USB, Audio-in and Optical input.

Easy access and control

Operate your soundbar, Philips TV and other devices with a single remote via Philips EasyLink 3.0. Further enjoy added convenience when you use the Philips Entertainment app.

Philips Entertainment app

Download the app and you can use your smart device to switch between the EQ sound modes, select source, activate virtual surround sound and more.
