Simple controls

- Touch controls. Easy pairing

Powerful playlists. Clear calls

- Custom 13 mm drivers for lush sound and punchy bass

1000 series

True wireless headphones

Highlights

Clear call quality

Don't let sounds from the world interrupt your listening. These headphones feature an AI microphone to filter out the noise you don't want to hear and ensure clear call quality. Hear each other clearly every time.

Interchangeable silicone ear tips

Interchangeable silicone ear tips

Simple control

Touch controls keep it simple and tones let you know you've activated a function.

Solid Bluetooth connection

Advanced Bluetooth connectivity gives you a more stable connection for seamless streaming. Enjoy that playlist or listen uninterrupted to your favorite podcast without annoying dips in the sound.

13 mm dynamic drivers

Hear your sounds the way they were meant to be heard. These headphones use custom design, 13 mm dynamic drivers to bring you an amazing listening experience. The drivers' large power capacity enhances dynamics and bass so you'll never miss a beat.

Clear calls

Your voice will come through clearly when you're on a call. A dedicated mic picks up the sound of your voice while a noise-reduction algorithm quiets some of the background noise from the world around you.
