- 5 modes x2 levels of intensity, freely switch massage experi
- Without fear of battery anxiety

Highlights

Two-color options

Green/gray dual color, you can choose according to your personal preferences, showing your personality and pleasing to the eye.

Cloud sensing slow rebound memory chip

High density, high compression resistance, adaptive rebound under stress/temperature deformation support, fitting the body curve, helping to release pressure. C-shaped wrap around structure, the neck is wrapped around without tilting.

Biomimetic gilded wide area heat gathering zone

Preferred nano thermal conductive film with visual dot matrix design. When heated, the red dot matrix area turns golden in temperature, and there is a thermal sensation within 5 seconds. Warm compress covers a large area of Bai Lao acupoint and Da Zhi acupoint

Balancing from neck to waist and abdomen

One machine solves the need for relaxation in multiple areas such as shoulders, neck, abdomen, and waist. It can be easily pressed when traveling, providing comfortable enjoyment without waiting for home.

360 ° Neck Engineering Support

Scientific zoning supports the chin, neck, and cheeks without compressing the left and right earlobes, providing comfortable support for resting or sitting in the office.

5 modes x2 gear strength

Neck protection mode, vitality mode, abdominal massage mode, waist protection mode, and kneading mode are available for you to freely switch between massage experiences.

Upgrade 24 Mother Child Massage Heads

Upgrade 24 mother child massage heads, four zone rotation, imitating manual massage

Hyaluronic acid 'cool' fabric

High content hyaluronic acid fabric, smooth and delicate to the touch, weakens physical friction during massage, breathable and not easily stuffy, non sticky and breathable.

Two major humanized upgrades

Optimize the balance between massage intensity and comfort, reduce foreign body sensation, prevent discomfort when worn for a long time, and enhance massage comfort; Upgraded pull-out design for a more snug fit when pulled and kneaded.

Charging once can take about 13 days

A 2500mAh large capacity battery, massage for 15 minutes every day, can be used continuously for about 13 days without disconnecting. Type-C universal interface, easy to charge, recharge anytime, anywhere, without fear of battery anxiety.
